CHINA MUST SIGN

RUSSIA ADOPTS COERCIVE METHODS.

PRESSES MANCHURIAN PACT

THREATENS TO BREAK WITH FLOWERY KINGDOM.

PRACTICALLY AN ULTIMATUM

WHY TREATY WAS NOT SIGNED LAST WEEK.

Washington, April 1.—Information has reached here to the effect that the Russian government, being seriously perturbed by the course of China in not signing the Manchurian agreement, largely because of the protest made by the several powers, has conveyed a distinct and unmistakable indication to China that if this course is persisted in there may be an interruption of diplomatic relations between Russia and China and a termination of the present intercourse between them.

This is little short of an ultimatum that China must sign or take the consequence of a termination of her friendly relations with Russia.

To what extent the United States will take cognizance of Russia's disposition to enforce the signing of the agreement has not yet been made apparent.

It appears to be the policy of the Chinese authorities to consider this as a subject which concerns the powers quite as much as it does China. The matter has become further complicated by reports reaching Washington that the Chinese authorities themselves are divided on the course to be pursued, some of the most influential, including Li Hung Chang, urging that acquiescence be given to the Russian proposals, while others are insisting on rejecting the agreement.

The attitude of Li Hung Chang is accounted for by his well-known friendliness for Russian interests. In this case, however, there appears to be arrayed against him the strong influence of the southern viceroys, Chan Chi Tung and Liu Kun Yi, who oppose the signing of the treaty.

The reports reaching here this morning showed that the agreement had not been signed.

The time within which it was to be signed expired last Tuesday, but on that day Yang Yu, the Chinese minister at St. Petersburg, fell in the legation and hurt his head, so that he was unable to transact business. This misfortune has caused much amusement here and some irritation in certain quarters, as it has been recognized as a most timely means of avoiding a direct issue on the subject.

It is not clear to what extent the Russian intimation has gone, but in any event it gives an urgency to China's course which has not been presented thus far.

WILL RESCUE EMPEROR.

London, April 1.—The correspondent of the Globe at Shanghai, in a dispatch dated Saturday, March 30, says he understands that the Yang-Tse viceroys and Yuan-Shi-Kai (the military governor of Shan-Tung) are prepared to dispatch one hundred thousand troops to Sian-Fu to rescue the emperor from the hands of the reactionaries and escort him to Pekin if a little pressure and promise of moral support is forthcoming from the powers interested in the open door.

The correspondent adds that the suggested expedition would prove popular in central and southern China, would result in the destruction of the anti-foreign elements and would lead to the establishment of a progressive government at Pekin.

EDICT OF REFUSAL.

New York, April 1.—A dispatch to the Tribune from London says:

Dispatches from Shanghai report that an imperial edict will be issued announcing the refusal of the Chinese court to refuse ratification of the Manchuria agreement.

FRESH BOXER TROUBLES.

Berlin, April 1.—A despatch to the Cologne Gazette from St. Petersburg, dated April 1, says robber bands, boxers and Chinese soldiers have been causing fresh disturbances in Manchuria, in the neighborhood of Chang-Tuh-Fu. General Kaulbars [illegible] ding the railroad between Harbin and has asked Governor General Groedkoff to send reinforcements, as a general revival of the boxer movement is expected in the spring. The Russian garrison at Tsi-Tsi-Har has been compelled to camp outside the town, owing to the decomposing bodies of those who were killed during the cold weather or who perished of hunger.

NO PROTEST BY BRITAIN.

London, April 1.—The foreign office here tells the Associated Press that it is quite untrue that Great Britain has protested at St. Petersburg against the Manchurian convention and it does not believe that any other power has done so.

THE OPHIR AT SUEZ.

Suez, April 1.—The steamship Ophir, bearing the duke and duchess of Cornwall and York on their trip of the world, arrived here at 10 o'clock this morning, after having been delayed by the blocking of the canal by a dredger.

INSURGENTS ARE BEATEN OFF

MEN OF SIXTH CAVALRY IN A LIVELY FIGHT.

Thirty Men of Troop C Surrounded By Two Hundred Filipinos at Malabar.

Manila, April 1.—Lieutenant Warren Dean, with thirty men of Troop C, of the Sixth cavalry, was almost surrounded at Malabar by 200 insurgents from the Sunga mountains, in Cavite province. During the ensuing action eighteen insurgents were killed and two Americans were wounded. The insurgents then retired.

No new announcements have been made concerning Aguinaldo.

INSURGENTS SURRENDER.

Manila, April 1.—Thirty men of General Cailles' command have surrendered. Of this number five were officers, including Colonels Herrera and Reloya.

A SEPARATE DEPARTMENT.

Zamboanga, Island of Mindanao, March 31.—8 p. m.—Owing to the peculiar conditions prevailing in the Sulu archipelago and the Island of Mindanao, the Philippine commissioners have about decided to organize a departmental government covering all of the islands south of the Viscayas.

A uniform general provincial law is impossible of application in the extreme southern islands on account of the necessary debarring of the Moros from self-government except in cases where they have foresworn allegiance to Dattos, the sultan, and become subjects of the United States, and for the further reason of the multiplicity of races and tribes in Mindanao and the diversity of interests. The commission will appoint a department governor having authority to negotiate with the sultan Dattos and to act as direct representative of the commission. The commission will sail tonight to the various posts in Mindanao.

JUDGES GO TO MANILA.

San Francisco, April 1.—Four recent appointees to judicial positions in the Philippines sailed for Manila today on the transport Buford. They are J. F. Cooper, of Fort Worth, Texas, and Charles A. Willard, of Minneapolis, who have been appointed justices of the supreme court (court of last resort) in the Philippines; Fletcher Ladd, of Lancaster, N. H., and W. A. Kincaide, of Galveston, who have been appointed judges of the court of first instance, a trial court with civil and criminal jurisdiction corresponding to the superior court in this state.

A series of services will be held this week at Plymouth Congregational church and sermons covering the life of our Lord in the period immediately preceding His crucifixion will be delivered. The services commence Tuesday evening, at which time Rev. J. A. P. McGaw will preach; Wednesday evening, Rev. D. T. Williams; Thursday evening, Rev. E. W. Allen, and Friday evening, Rev. J. Webster Bailey will occupy the pulpit.

The Woman's Bible meeting of Wayne street M. E. church will be held toforrow afternoon from 3 to 4 o'clock in the Sunday school room. The meeting will be followed by a session of the Ladies' Pledge society, and important business will be discussed.

A QUEER WITNESS

CAUSES A SENSATION IN THE PATRICK CASE.

MRS. FRANCIS ON THE STAND

REFUSES TO INCRIMINATE HERSELF BY ANSWERING.

FEARS DISTRICT ATTORNEY

SAYS HE HAS THREATENED TO ARREST HER.

New York, April 1.—The first witness today at the hearing of Albert T. Patrick, the lawyer charged with causing the death of William Marsh Rice last September, was Mrs. A. M. Francis, who kept the house where Patrick formerly boarded. When she had been sworn and Assistant District Attorney Osborne was about to put his first question, Mr. Moore, Patrick's lawyer, said he thought the witness ought to be cautioned against testifying to anything that might criminate herself.

Mrs. Francis testified that she had known Patrick since January, 1893. Patrick was a boarder at several places where she conducted boarding houses and boarded with her at the time of his arrest.

She was acquainted with David L. Short and Morris Meyers and Smith Potts, all of whom have figured in the case.

Patrick occupied the back parlor in her house. She herself had no stated room, she said in reply to a question by Mr. Osborne.

"When did Patrick begin to speak to you about Mr. Rice?" asked Mr. Osborne.

"I decline to answer on the advice of my lawyer," witness replied.

"On what ground?" asked Mr. Osborne.

"On the ground that it would incriminate me," Mrs. Francis answered.

Assistant District Attorney Osborne said there was no intention of implicating the witness with Patrick, but she still refused to testify.

Justice Jerome then asked the witness:

"Do you believe the answer to the question would tend to convict you of a crime? Understand, not Patrick, nor Short, nor Meyers, nor anybody but yourself."

The witness thought awhile. "I do think it would tend to incriminate me," she said.

There was some more argument and finally Justice Jerome said:

"If the witness is willing to place herself in such a position in the community as the witness does through her testimony, I don't see that I can compel her to answer. She is an intelligent woman and fully understands this question. Are you willing to stand in that light?" Justice Jerome added, turning to witness.

"I am," the witness said.

Mrs. Francis said she had known Jones since January, 190, but she refused to reply to any further questions concerning Jones on the ground that the answer might incriminate her. For the same reason she refused to say whether Patrick remained in the house all day on September 22 last year.

Mrs. Francis was too ill to appear as a witness on Friday. Today she testified that she was down to the Tombs on Saturday, where she spent several hours talking to Patrick.

"Did you discuss the case with him?"

"I did."

"What did you say?"

"Nothing of any importance at all."

It came out in the testimony that the witness had been told by a lawyer that if she said anything favorable to Patrick the district attorney would have her arrested.

Mr. Osborne then handed the witness a letter which she identified as one that she wrote him last year. It was marked and placed in evidence.

"You were not at that time afraid of incriminating yourself," he said

"I was not."

"What has made you change your mind since that time?"

"My counsel's advice, my own opinion, that it would incriminate me, and threats of the assistant district attorney—of you," she said, her eyes flashing and her head erect

"Did I ever threaten you personally?" asked Mr. Osborne.

"No."

"Why do you believe I would have you arrested?"

"I saw in the papers on Saturday night that you were to make more arrests."

"And do you believe, after my declaration in open court, that I would arrest you, though innocent?"

"I do," she replied.

Justice Jerome interrupted her and said:

"The testimony of this witness shows that she is a woman previously held in high esteem in the community. I do not propose that she shall go out of this court room with a stigma on her name or lack of time to consider this matter. We will take a recess. During the recess, Madame, I would advise you to see some friend—not necessarily a lawyer—but some man or woman with sound business sense who can give counsel and advice."

FOREST FIRES IN NEW JERSEY.

Hammonton, N. J., April 1.—One of the most extensive forest fires that have visited this section of the state is raging in the big woods north of this city. The fire reached a point just east of the town of Winslow last night and for several hours it was feared the town would be wiped out. Men, women and children fought the flames and succeeded, by back firing, in turning the flames to the north of the town. While the men threw up trenches to keep the fire away, women and children carried their household goods to places of safety in the fields and are guarding them, as a change in the wind is feared. Several farm buildings, about 5,000 acres of big trees and thousands of cords of wood have been consumed. Many narrow escapes of fire fighters have been reported.

ATTEMPT ON CZAR'S LIFE

AN OFFICER OF HOUSEHOLD FIRES AT HIS MAJESTY.

Missed the Emperor and Then Took His Own Life—Despotic Arrests Are Being Made.

London, April 1.—A dispatch to the Morning Leader from Kieff says: It is reported that an officer of the household attempted to assassinate the czar. He fired at his majesty, but missed. He then shot himself

LETTER CAUSES ARREST.

St. Petersburg, April 1.—The chief of the statistical bureau of the province and government of St. Petersburg, W. T. Takowenko, has been arrested in consequence of a letter of condolence which he wrote to the author, N. F. Annensky, who was injured in the recent riots. Attorney W. O. Nustig, president of the Association of St. Petersburg Lawyers, has written to the minister of the interior, M. Sipaguine, protesting against the action of the police during the riot, and many influential people have signed an address to M. Sipaguine criticising statements in the official report of the troubles.

AN EXPLOSION OF SEWER GAS

JOE PETER BADLY BURNED ABOUT THE FACE.

Noxious Vapor in the Interceptor Was Ignited by a Candle This Morning.

There was an explosion of gas in the interceptor sewer at noon today which resulted in the burning of one man but fortunately did no further damage. The victim of the accident was Joseph Peter, brother to Contractor Peter, and he was badly burned about the face, though happily no injury resulted to his eyes and he did not inhale any of the flame. He was taken to Hope hospital, where his injuries were attended to by Dr. Porter, who says that he will be able to be out again in a week or ten days.

Peter, with another workman, was passing through the sewer between Barr and Lafayette streets and was carrying a lighted candle in his hand. He detected the presence of gas by the smell and purposely carried his candle low, knowing that the gas had collected at the top of the sewer. He suddenly stumbled over some obstruction and in trying to save himself from falling threw his hand with the candle upward. Instantly there was an explosion and he was thrown to the bottom where he lay while the gas burned out above him. It was fully ten minutes before the fire died out and he was taken from his uncomfortable quarters. The other man was not injured.

OVER ONE BILLION

NEW STEEL TRUST RAISES ITS CAPITAL STOCK.

TOTAL AMOUNT $1,100,000,000

ORIGINAL ARTICLES OF INCORPORATION AMENDED.

CONFORM TO THE JERSEY LAW

EASY TO VOTE A MORTGAGE UNDER NEW CONDITIONS.

Trenton, N. J., April 1.—The United States Steel corporation this afternoon filed with the secretary of state articles amending its charter and increasing its capital stock to $1,100,000,000.

The state's fee for the filing of the papers was $220,000.

The original articles filed some time ago were only amended in one particular This amendment was made for the purpose of taking advantage of an act passed by the recent legislature. Originally the corporation could not mortgage or pledge its real property or any of the stock of any other company except by the affirmative vote of the owners of two-thirds of the capital stock.

Under the amended charter it is necessary to have only the affirmative vote of two-thirds of the stock represented in person or by proxy at any meeting of the corporation. The reason for the change is the fear that the stock will become so scattered that it would be impossible to get two-thirds of the entire stock represented at a meeting.

ABOUT THE CITY HALL.

J. J. Auth has been granted a permit to erect a frame residence on West Fourth street to cost $1,250.

This is pay day at the city hall.

The council committee on rules, regulations and ordinances will meet tonight at the city hall to consider the ordinance recently introduced into the council for the appointment of an electrical inspector.

The board of works will meet in regular session this afternoon. No business of importance has yet been presented.

There are at present in the city one case of smallpox, five of scarlet fever and two of diphtheria. The smallpox card will be taken down this week and several other cards are almost due to be removed.

Dr. Drayer has gone to New York to be absent a month. During his absence Dr. Rhamey will discharge the duties of city bacteriologist and will do all laboratory work for the city.

The street and park semi-monthly payroll paid today was larger than any since last fall. Over $1,200 was disbursed.

A new case of scarlet fever was reported this afternoon from the corner of Masterson avenue and Barr streets, and a case of diphtheria from No. 289 West Main street.

William Hipp, representing the Massillon Fire Brick company, was a caller at the city hall today.

MISSION IS CLOSED.

A powerful sermon on "Temptation," delivered by Rev. Father Mulcony last evening, closed the two weeks' series of mission services which have been held at the Cathedral, and in many respects the gatherings were the most remarkable ever held in the city. Especially notable was the attendance, for at every meeting during the two weeks the Cathedral was completely filled. At no evening during the closing week were there less than 1,400 gentlemen present. During the two weeks over 4,000 persons went to confession and received holy communion. In addition to the awakening among the Catholic people a class of fifty-five non-Catholics is now receiving instructions preparatory to entering the church.

EXHIBIT OF MOTORCYCLES.

The Thomas Motor company, of Buffalo, N. Y., which exhibited a large number of their vehicles at the recent automobile show in Chicago, will place a number of their motorcycles and other horseless carriages on exhibition at the Randall bicycle store on West Berry street a few days this week. The exhibit will be in charge of Marion Black, formerly of this city, who is now connected with the company, and will comprise every feature shown by the company in Chicago.

HOW TO HELP THE AUDITORIUM.

There are, by a more than conservative calculation, 20,000 persons in Fort Wayne who, earning wages, drawing annuities, deriving incomes or receiving allowances, can afford to subscribe for five dollars' worth of auditorium stock.

That would produce a total of $100,000, almost twice as much as is asked for to build the auditorium, but not too much to build the kind of an auditorium we ought to build while about it.

Subscriptions are payable in five installments, the second a month after the first is paid, the third a month after the second, and so on.

In order, then, to get enough to take a five-dollar subscription of stock you must pay one dollar per month, twenty-five cents per week, or four cents per day, not counting Sunday.

Start an auditorium savings bank right at home. Drop a penny in it at breakfast tme. It is hard to miss a penny. Drop another in at dinner time, another at supper time, and another just before going to bed. You will accumulate enough pennies in that way to make you the owner of five shares of auditorium stock without having missed a penny of the fund or suffered from want of it.

Of course, there are hundreds who will give more than five dollars who will not resort to such a process, but will pay in a lump for their shares. But those who cannot spare five dollars or more at one time will find that the money can be accumulated with the certainty of fate without imposing a single burden or the most trifling sacrifice upon themselves.

Do not say you cannot afford to subscribe. Stock will be sold in amounts from one dollar up.

There is a chance for every man, woman and child in Fort Wayne to own a share or more of auditorium stock. How easy it all would be and how little it would burden anybody if all were united heartily in this great enterprise.

HIS INJURIES PROVE FATAL

MILLARD CROWE DIES AT ST. JOSEPH'S HOSPITAL.

Drove Into a Freight Train at Monroeville and Was Thrown Beneath the Wheels.

Millard Crowe, about 35 years of age, whose home was at Monroeville, died at St. Joseph's hospital at 5:30 o'clock this morning as the result of injuries received at Monroeville Sunday night.

Crowe, who is said to have been addicted to liquor, procured a horse and buggy at Monroeville yesterday and drove out into the country. Returning after dark he was evidently asleep in his buggy, or at least did not see a Pennsylvania freight train which was slowly passing over the crossing. Crowe drove his horse at a rapid gait directly against the train, but the animal, more careful than its driver suddenly turned as it was almost against the passing freight cars.

In whirling the shafts were broken, the buggy overturned and the driver pitched helpless beneath the wheels of the train. Crowe's right leg was cut off through the knee and his left foot was crushed to a pulp. Physicians at Monroeville gave the injured man temporary attention and Dr. C. B. Stemen was called from this city. The injured man was brought to Fort Wayne at 3:45 o'clock this morning and taken to St. Joseph's hospital, where his injuries were dressed by Dr. C. B. Stemen, Dr. A. J. Kesler, Dr. W. M. Enslen and Dr. W. E. Stemen. Crowe's enfeebled condition could not withstand the shock of the accident, however, and he died this morning.

The remains will be shipped to Monroeville for interment. He was unmarried.

DEMAND MORE WAGES.

Youngstown, Ohio, April 1.—Employes of the five blast furnaces at Sharpsville, Pa., this afternoon posted notices demanding the same scale of wages conceded by the blast furnace owners in the Mahoning valley. A general strike is threatened in the Shenango valley April 8 unless the demands are granted.

WAIT ON LOOMIS

FUTURE OF THE MINISTER IS HINGED ON HIS STORY.

UNPOPULAR IN VENEZUELA

CHARGED WITH MAKING FALSE REPORTS AND

GETTING WARSHIPS THERE

MINISTER LOOMIS TO GIVE DESIRED INFORMATION.

Washington, April 1.—The future of Minister Loomis depends upon the conference which will be held at the state department between Secretary Hay and himself when the minister reaches Washington.

Until the secretary has had an opportunity to talk freely with Mr. Loomis as to the conditions in Venezuela it cannot be known positively whether or not he will return to his post. Mr. Loomis has been the object of bitter attack by some of the Venezuelan papers, not solely because of the asphalt controversy, but also because he was charged with making false reports to his government touching the insurrectionary movement in Venezuela. The minister did inform the state department of the conditions as he saw them and of the prospects of the revolutionary movement.

The Venezuelan government could not have direct knowledge of the minister's reports, but because these were followed by the appearance of three United States warships in Venezuelan waters they came to the conclusion that the minister had reported as very menacing and serious the revolutionary movement, which the government organs were trying their best to minimize. Therefore these papers lost no opportunity of attacking Mr. Loomis in print and have succeeded in making his lot unpleasant. It is only fair to state that the Venezuelan charge d'affaires asserts positively that these attacks were made by irresponsible newspapers and that the government was not behind them and deprecated them.

If Mr. Loomis confirms this view and he cares to return to Caracas he will be permitted to do so.

It is expected that Minister Loomis will reach New York April 10, for the gunboat Scorpion was dispatched to La Guaira especially to make sure that he should connect at Kingston, Jamaica, with the regular passenger steamer coming to New York.

There is no present intention of sending the North Atlantic squadron to Venezuela, for, as above stated, the government cannot decide how this matter should be treated until Mr. Loomis has been personally consulted.

The squadron which is at Culebra Island engaged in manoeuvres is about to head north in a few days. One or two of the vessels will be sent first to Kingston, Jamaica, but the delay will be temporary and the whole squadron will soon be under way for [illegible]kinsville.

HONOR FOR A YOUNG HERO

CALVIN TITUS TO BE CADET-AT-LARGE TO WEST POINT.

President Distinguished the Lad Who Scaled the Walls at Pekin Last Summer.

Washington, April 1.—The president today appointed Calvin T. Titus to be a cadet-at-large at the United States military academy at West Point. Titus was the first soldier to scale the wall at Pekin.

Adjutant General Corbin today cabled General MacArthur, at Manila, to send young Titus home on the first available transport in order that he may take the entrance examination to the academy

Representative Long, of Kansas, saw the president today and thanked him in the name of the Kansas delegation for the honor conferred upon General Funston in his appointment as brigadier general in the regular army. Mr. Long said the appointment, in his opinion, was fully deserved and would prove very popular with the people of the entire country

AN ARMY SCANDAL

BIG STEAL IS DISCOVERED IN PHILIPPINES.

THE GOVERNMENT IS ROBBED

CAPTAIN BARROWS, OF THIRTIETH REGIMENT, HELD.

OTHERS ACCUSED WITH HIM

MANILA MERCHANTS SAID TO BE IMPLICATED.

Manila, April 1.—A gigantic swindle by which, it is charged, the government of the United States has been robbed of military stores valued at thousands of dollars has been unearthed in this city, and the disclosures thus far made indicate that the extent of the frauds has been more far reaching than any which have been perpetrated against the government in recent years.

Only the barest facts concerning the swindles have thus far been learned, but these are sufficient, it is claimed, to show that a systematic robbery of the government has been going on for some time.

A score of United States military officers and civilians prominent in the business life of Manila and southern Luzon are already under arrest and there is strong ground for the belief that many more arrests are in prospect.

OFFICERS UNDER FIRE.

Captain Frederick J. Barrows, of the Thirtieth Volunteer infantry, which was recruited at Fort Sheridan, Chicago, for service in the Philippines, is among those under arrest, and it is charged that he is one of the chief conspirators in the plot to loot the government. Barrows entered the service with the Thirtieth regiment as first lieutenant of company E, but that was not his first military experience. He had previously served two years in the United States navy and had also held a commission as captain in the Fifteenth Minnesota regiment of volunteers.

Barrows has been serving as quartermaster of the department of southern Luzon for some time past and it is in the commissary department under his control that the alleged frauds have been committed. Seven commissary sergeants, a number of civilian clerks, a leading government contractor, the assistant manager of the Hotel Oriente, one of the chief hotels of the city; several storekeepers, including the proprietors of three of the largest bakeries in Manila, and other persons have been arrested for complicity with Captain Barrows in the alleged swindle.

It has already been revealed that thousands of sacks of flour, a vast quantity of bacon and great quantities of other commissary supplies have been diverted from government use. These goods, all of which bore the tell-tale government marks, have been found in the possession of persons who could in no possible manner have acquired legal possession of them. The investigation is being pushed forward with all speed by Lieutenant Philip K. Sweet, of the Fifty-sixth volunteer regiment, to whom the task has been assigned, and it is confidently predicted that great quantities of stolen stores will be unearthed. Colonel Wilder, the chief of police, has general charge of the investigation

The government contractor who is now under arrest has been doing a business of more than $100,000 a month, it is stated, and it is considered significant that he has spent large sums in entertaining the military officers in the department of southern Luzon. The prodigality of the contractor has been a matter of general comment in official and business circles in this city for months past, but not until the revelations of the alleged swindle became known was there a suspicion that he was connected with any plot against the government from which he was reaping so large a legitimate fortune.

PLOT LONG UNDISCOVERED.

The investigations already made show that the swindle has been carried on since June, 1900, and an inspection of the books prior to that time is expected to develop further looting. New scandals are coming to light daily, and it is possible that arrests may total 100 before Lieutenant Sweet is willing to admit that he has all the conspirators jailed

Just how the goods were stolen has not yet been made clear, but it is flatly declared that there is a great shortage in the commissary depot. It is the theory of those who are probing into the scandal that the goods were stolen while in transit.

There is an exorbitant tariff on provisions in Luzon and this tariff makes the theft and surreptitious sale of commissary supplies a business of immense profit.

LOSS TO GOVERNMENT IS BIG.

A military official who is close to those charged with the investigation of the alleged frauds stated yesterday that he believed when all the facts in the case were known it would be found that the government had been robbed of a vast sum.

"Conditions here are most favorable to the carrying out of such a plot at that which has apparently been unearthed," said he. "Of course, there must be collusion between the representatives of the government and those who are to do the direct trafficking in the goods after they are delivered, but such collusion could be attained without exciting public suspicion. From the investigation already made I am confident that it will be found that the conspiracy dates further back than last June."

OTHER OFFICIALS SUSPECTED.

"There is good ground, too, for the belief that other officers high in the department are involved with Captain Barrows. One prominent commissary officer in particular is under suspicion. His manner in life for some time back has caused comment to his fellow officers. It may transpire, of course, that he is innocent of any complicity with this plot, but at present he is under grave suspicion.

"It is unfortunate that such a scandal should be bared in the Philippines so soon after the revelations of official dishonesty in Cuba, and I fear that when all the truth is known the postal swindles of Neely and Rathbone will seem small and insignificant in comparison."

M'ARTHUR ASKED FOR FACTS.

Washington, April 1.—No report has been received at the war department from General MacArthur concerning the alleged frauds in the disposition of government supplies in the Philippines. He has, however, been advised that such a publication has been made in the United States and requested to send the facts.

AN EARTHQUAKE IN TURKEY

PALACE OF THE SULTAN WAS SEVERELY ROCKED.

Falling Plaster Causes a Panic, But the Sultan's Composure Had a Quieting Effect.

Constantinople, April 1.—Yesterday's earthquake was felt in the Dolmabagtsch palace at the moment of the airan ceremony, when the high officials were passing before the sultan's throne. A panic resulted, particularly among the diplomatists in the gallery, many of whom immediately left the palace.

The band ceased playing and the musicians rushed to the doors.

Pieces of plaster fell from the ceiling and portions of the chandeliers were broken, adding to the general alarm.

The sultan rose from his throne and took a few steps, apparently intending to leave the chamber, but he preserved great calmness and presence of mind, which had a good effect. After a moment's hesitation his majesty reseated himself upon the throne and ordered the ceremony to proceed.

A reception followed without further incident.

HOLY WEEK SERVICES.

Holy week will be appropriately observed in the Catholic, Lutheran, Episcapol and Reformed churches of the city and special exercises for the period will take place. In the Catholic churches there will be services on Wednesday, Thursday and Friday evenings, on Thursday morning and on Friday morning and afternoon. The Passion will be recited on Tuesday and Thursday, and it will be the main feature on Friday. On Friday afternoon the service will consist of the stations of the cross and in the evening the closing Lenten sermon will be preached. The blessing of the Easter water will take place Saturday morning. Priests from all parts of the diocese will be here, and on Wednesday and Thursday evenings will sing the tenebrae. The blessing of the holy oils takes place on Thursday and is followed by a procession of the blessed sacrament. The oils are distributed among the priests and are used for the administering of the sacrament during the year. In the Lutheran churches there will be special services Tuesday, Wednesday, Thursday and Friday evenings and a morning service Good Friday Yesterday was Palm Sunday and the blessing of the palms and the reciting of the Passion took place in the Catholic churches.

WAGE QUESTION IS AT ISSUE

MEN WANT UNION SHOPS AND UNIFORM SCALE.

WORK PRACTICALLY TIED UP

HOPE FOR AN AMICABLE ADJUSTMENT SOON.

The Painters' and Decorators' union this morning inaugurated a strike, and about seventy men, members of that organization, are out. Notice of the strike was given out to the various shops in the city on Saturday night, and when the stores opened this morning only a very few non-union men appeared, and the majority of these quit today in sympathy with their striking fellow workmen.

Several weeks ago the workmen made a demand on the employers that a universal scale be adopted and that all the shops of the city be unionized. A number of employers signed the scale, but the majority of masters, who do not employ men, but do their own work, did not do so. The wages paid to the members of the union differ in various shops, ranging from 20 to 25 cents per hour to paper hangers in different stores, while a rate of 20 cents per hour prevails for the painters. The men ask 30 cents an hour for the former and 27 cents for the latter, the rate to prevail in every shop in the city.

A meeting of the strikers was held in their hall at 62 Clinton street this morning, and the situation was discussed at length, but nothing definite was done. The men say they are determined to bring the matter to a head and that they will stand by each other until a satisfactory settlement is reached.

A meeting of the employers has been called for tomorrow evening, at which time an effort will be made to form an association to include every master in the city, of which there are about sixty-eight. This, however, promises to be a rather difficult matter, as a large number of the masters do not employ men and they will not be materially affected by the strike. There is every reason to believe, however, that an amicable agreement will be reached very soon and that all differences will be adjusted.

KICK ON GAS METERS.

[Anderson Herald.]

The big guns of the Fort Wayne Gas company, including Mr. Paul, of Fort Wayne, who were in the city looking over the pipe lines, had a conference with the directors of the Citizens' Gas company and made known their demands for the next year. They ask that the company put in gas meters and the people to pay for the gas by the foot and also that a contract with the company be made for only one year. In consideration of their wants the men stated that the Fort Wayne people would put in a $130,000 pumping station and see that the people were supplied with plenty of gas the next winter. The directors flatly refused to hear to any such a demand. They are decidedly opposed to the meters as well as are the people of the city unless the Fort Wayne people furnish them. The directors of the gas company want a contract under the terms of the last year for ten years. The Fort Wayne people will be back here on April 10 and the matter will come up again.

THINKS WAR IMPOSSIBLE.

New York, April 1.—A dispatch to the Herald from San Juan, P. R., says: The Venezuelan consul here thinks war between the United States and Venezuela is impossible, as President Castor will make concessions. He says, however, that it is probable that Generals Andrade and Pietri will take advantage of the recalling of Minister Loomis to start a rebellion. Advices that came by the steamer Philadelphia were that it would be impossible to avert rebellion.

PUDDLERS' WAGES RAISED.

Pottstown, Pa., April 1.—The puddlers in the employ of the Glasgow Iron company have been notified that beginning next Saturday their rate of wages will be $3.25 a ton instead of $3, as heretofore. The wages of other employes will also be increased. The eleven-inch plate mill of the company's plant, which has long been idle, resumed operations today.

GET PAY FOR DRILLING.

In accordance with a new state law, which went into effect today, the members of battery B, as well as those of the infantry companies in Fort Wayne, will receive compensation from the state treasury for the time spent in drilling. Under the new law there must be at least one drill night each week and three days annually at a rifle range for target practice. For the drill nights the men are to receive from twenty to fifty cents each, and for the time at the rifle range the compensation is from $1 to $1.30 per day.

PRESIDENT OF SHOOTING BUND.

San Francisco, April 1—Capt. F. A. Kuhls has been elected president of the National Shooting Bund of America, to succeed Captain Attinger, who has resigned on account of ill health.

DEATH'S RECORD OF THE DAY

AUGUST FRITZ EXPIRES AT ST. JOSEPH'S HOSPITAL.

Hayden Cherry Succumbs to Tuberculosis—Mrs. Lehmeyer Dies Suddenly—The Funerals.

August Fritz, eighteen years of age, died at St. Joseph's hospital at 7 o'clock Sunday morning from pyemia, after an illness of four weeks. He was the son of Mr. and Mrs. Michael Fritz, of Lake township, and besides the parents the surviving relatives include several brothers and sisters.

Funeral services will be held Tuesday morning at 10 o'clock from St. John's Lutheran church in Lake township, Rev. Myers officiating. Interment at Eel River cemetery.

LEHMEYER.

Mrs. Dorothea Lehmeyer died at 11:30 o'clock Saturday night at the home of her son-in-law, Professor Miller, principal of St. Martin's Lutheran school, in Adams township. Mrs. Lehmeyer was 82 years of age and her death was due to apoplexy, with which she was stricken soon after retiring Saturday night. She had made no complaint of illness during the day.

Mrs. Lehmeyer was a native of Bavaria, Germany, but came to America at an early age, and for many years resided in Chicago, where her husband died twenty-seven years ago. Since that time she has made her home with her daughter in Adams township. There are two children—Mrs. Miller and Mrs. Caroline Lindoerfer, of Cape Girardeau, Ohio.

Funeral services will be held Wednesday afternoon at 2 o'clock from the residence and at 2:15 from St. Martin's Lutheran church, Rev. Stock officiating.

CHERRY.

Hayden Cherry, 25 years of age, died at 1:30 o'clock this morning at the home of his parents, Mr. and Mrs. William H. Cherry, of 138 Lewis street, after an extended illness from tuberculosis.

Mr. Cherry was a widely known and very popular young man and until failing health compelled him to relinquish business duties was employed as a stenographer in the Pennsylvania offices. In addition to the bereaved parents, the surviving relatives include three brothers and four sisters.

LEHMAN.

Ida Lehman, infant daughter of Mr. and Mrs. Frederick Lehman, of 102 Gay street, died at 3 o'clock Sunday morning.

Funeral services were held from the residence this afternoon.

KRUM.

The infant child of Mr. and Mrs. J. Krum, of 119 Lafayette street, died Sunday morning from spasms, at the age of seven months.

Funeral services will be held from the residence Tuesday afternoon at 1 o'clock.

KORTE.

Walthemar Korte, infant son of Mr. and Mrs. Frederick Korte, died Saturday afternoon from exhaustion, at the family home, 74 Walnut street.

Funeral services were held from the residence this afternoon, Rev. Wambsganss officiating.

WALKER.

Effie Walker, an inmate of the Indiana school for feeble minded youth, died Saturday at that institution from pulmonary tuberculosis. Her age was seventeen years, nine months and twenty-four days.

FUNERAL ANNOUNCEMENTS.

Dinklage.—Funeral services of Mrs. Margaret Dinklage will be held Tuesday morning at 8:30 from the residence, 347 East Washington street, and at 9 o'clock from St. Mary's Catholic church.

The deacons of Plymouth Congregational church will hold a meeting on Tuesday evening.

PURE BLOOD

Necessary to Life. Vinol Makes It.

POOR BLOOD CAUSES ERUPTIONS AND WEAKNESS.

Vinol Makes Pure, Rich, Red Blood.

BECAUSE WE KNOWN THIS WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of internal disorders. We see every day too many people whose faces plainly show that there is something radically wrong.

We want all of our fellow-citizens to know of our splendid blood purifier and blood maker.

We refer to Vinol.

Vinol, as we have before stated, is a purely scientific preparation.

Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles, taken from the livers of live cods—the same elements that formerly were found in cod-liver oil, and which made it famous.

Vinol does not contain the grease or fat that characterized cod-liver oil and made it in many cases worthless.

Vinol acts upon every one of the great vital organs, and by invigorating and giving them strength, enables them to properly perform their functions.

Vinol's effect on the stomach is marvelous. It tones up this, the greatest of the organs of the body, and enables it to obtain from the food which is taken into it the necessary elements to create flesh and muscle tissue, bone structure and pure, rich, red blood.

We are in receipt of a letter from a Savation Army woman which reads as follows:

"I took Vinol after a bad attack of grippe, and so much good did it do me that I persuaded my sister to take it. She was all tired out. Had no appetite and her blood was very poor. It did her as much good as it did me."—BETSY HABERSHAW, 718 River St., Fall River, Mass.

Won't you please come in and see us? We are always glad to extol the merits of Vinol.

We will give you back your money if you don't find Vinol will do all we claim it will. Could any one do more for you?

WILL SOON RESUME SERVICE.

Chicago, April 1.—Board of trade market quotations, under the recent agreement between the board and the telegraph companies, were available to the companies today, but not until April 15, if then, will the old order of things be fully re-established, owing to the immense amount of construction work, and the necessity of an examination of all contracts by the board of trade quotation committee.

IN JUSTICES' COURTS.

Fred Blaising, of Woodburn, who was arrested Saturday for violating the liquor law, entered a plea of guilty in Huser's court and was fined $10 and costs, which he paid.

An affidavit was this morning filed against Daniel Rehm, charging him with assault and battery on Homer Campbell. The assault was committed last Saturday.

A BAD NEWSPAPER MAN.

New York, April 1.—Ross Raymond, alias James E. Sandys, a former newspaper man, who pleaded guilty last week of getting $200 fraudulently from Henry F. Clarke, paying teller of the Lincoln National bank, on January 26 last, was sentenced to four years in prison today.

DEMOCRATIC PRIMARY ELECTION.

To the Democrats of Fort Wayne:

The election of delegates to the democratic city convention will take place Tuesday, April 2nd from 4 o'clock to 7:30 o'clock p. m.; at the primaries there will also be nominated by direct vote two candidates for councilmen for each ward.

The delegates elected at the primary will meet in the assembly room, court house, on April 3rd, 1901, at 7:30 o'clock p. m., and nominate a candidate for mayor and city clerk. The number of delegates shall be proportioned at the ratio of two delgates for every 100 votes and one for every 50 votes and fraction over 25 votes cast at the last city election for Henry P. Scherer, mayor, and shall therefore be according to this division as follows:

Wards.	Delegates.
First	10
Second	10
Third	9
Fourth	12
Fifth	10
Sixth	11
Seventh	9
Eighth	13
Ninth	9
Tenth	10
Total number of delegates	103

The election of delegates shall be held at the following places:

FIRST WARD.

All north of Washington street at Albanus Brothers' Carriage Works.

All south of Washington street at 117 Hanna street, Tapp building.

SECOND WARD.

All north of Washington street at 24 Barr street, Burkhart shoe shop.

All south of Washington street at 154 Barr street, Lauer's barber shop.

THIRD WARD.

All north of Pittsburg railroad at Meyers' livery barn, (Washington boulevard).

All south of Pittsburg railroad at 269 South Harison street.

FOURTH WARD.

All north of Wayne street at Liebman's carpenter shop, Pearl and Ewing.

All that part south of Wayne street and north of Pittsburg railroad at Hilgeman's grocery.

All south of Pittsburg railroad at 80 Fairfield avenue.

FIFTH WARD.

All west of St. Mary's river at 385 West Main street.

All east of St. Mary's river at Rippe's livery barn on Broadway.

SIXTH WARD.

All north of Wabash railroad at 352½ Broadway.

All of the Sixth ward south of Butler and east of Fairfield avenue at Rhinehart's grocery, Calhoun street.

All south of Poplar street and Wabash railroad, west of Fairfield avenue and east of river at South Wayne Town hall.

SEVENTH WARD.

All east of Lafayette street at Klipper's Bakery, 393 Lafayette St.

All west of Lafayette street at Spanley's grocery, 457 South Calhoun street.

EIGHTH WARD.

All south of Maumee road corner Ohio and Lewis streets.

All north of Maumee road at 385 East Wayne street.

NINTH WARD.

All north of Third street at 112 Wells street.

All south of Third street at Brink's drug store.

TENTH WARD.

All west of Smith street at southeast corner of Force and Buchanan streets.

All east of Smith street at northeast corner of Thomas and Buchanan streets.

The vote shall be by uniform ballot to be furnished under the direction of the city central committee. There shall be two ballots for each ward, one to contain the names of delegates and the other the names of all candidates for councilmen. The name of the candidate who is represented by delegates must be printed in large letters above the names of his delegates.

The ticket for delegates must be printed on white paper, those of the councilmen on red paper.

The voter will vote for two councilmen on one ballot and express his choice by lead-pencil cross in front of the names of those voted for. If there is no objection to any of the delegates, the entire number can be voted for, without marking the ticket; if otherwise a lead-pencil cross must be placed in front of the name of each delegate voted for. Any person desiring to vote for any delegate whose name does not appear on the ticket, can do so by writing his name on the ticket and ... scratching out the name of the one voted for.

If there are only the names of two candidates for councilmen on one ticket and the entire ticket is voted without pencil mark then both names will be counted as voted for.

Two city central committeemen will also be elected at the election, and the names to be voted for must be printed or written upon the ballots of councilmen.

The result of the election must be immediately reported to the city central committee.

All delegates elected must meet at assembly room in court house, Wednesday, April 3 at 7:30 p. m., to make nominations.

By order of the democratic city central committee.

W. H. SCHAEFFAUGH, Chairman.

MRS. W. H. HARTMAN DEAD.

Friends in Fort Wayne were notified this morning by telegraph of the death of Mrs. W. H. Hartman, which occurred today at her home in Richmond, Va., following a surgical operation. Mr. and Mrs. Hartman formerly resided in Fort Wayne and and they have a large number of warm friends in the city, who will sincerely regret to learn of Mrs. Hartman's death. The bereaved husband is a brother of Homer C. and G. B. Hartman, of this city, and of Mrs. Dr. W. D. Stewart, who is now visiting here. He formerly held a position with the Wabash railroad. Mr. Hartman but recently accepted a fine position with the Southern Pacific railroad at Needles, Cal., and was preparing to remove there when Mrs. Hartman was taken ill. The interment will doubtless occur at Richmond.

AMERICAN BRAINS.

Brain Workers Require Special Food.

American brain workers have for some years past been largely using an especially prepared food for rebuilding the gray matter of brain and nerve centers. Any man or woman who cares to make a test by using this food, Grape-Nuts, for a portion of one or two meals each day will find a distinct increase in vigor and particularly in brain power.

Then if they feel disposed to know the reason why, they can have Grape-Nuts analyzed, or take the analysis of the London Lancet, and the result will show that the food contains the natural phosphate of potash, obtained in a natural way from the cereals, and albumen, obtained in the same way.

These two elements unite together in the human body to make and rebuild the gray matter of which the brain, solar plexus and nerve centers are filled.

These are scientific facts which can be ascertained by any careful investigator. The food, Grape-Nuts, is not only the most scientifically made food in the world, but almost any user will agree with us that the flavor is unique and most winning.

WEEK'S CLUB EVENTS.

The meeting of the Fortnightly club, previously announced to take place this evening, has been necessarily postponed.

The Women's Reading club meets Tuesday afternoon with Mrs. Sam Fisher. Letters will be read by Mrs. Wall and Mrs. Johnson.

The Nineteenth Century club meets Tuesday with Mrs. Robert Harding, who will read a paper on the government and army of Russia.

THE TRADES COUNCIL FAIR.

The directors of the various bands will meet at Fred J. Reineke's office this evening to arrange for and divide the work at the coming Trades Council fair. The bands have agreed to donate their services and will furnish the musical end of the entertainment without charge. The decorating committee is busy with its arrangements but will not commence the actual work of decorating until after Easter Monday night. One of the features will be the display of the banners and flags of all the unions represented in the council. The fair will commence one week from Wednesday night and will be the most pretentious exposition ever attempted in this city. The proceeds will be devoted to paying the expenses of an appropriate observance of Labor day next fall. Merchants are taking an active interest in the affair. There will be a parade on the opening night.

The problem of what to do with Aguinaldo might be easily solved by turning him loose and waiting to see what he is disposed to do with himself.

The czar may escape assassination, but there must be mighty little fun in the life he obliged to lead. Peace of mind would be purchased cheap even at the price of giving the people of Russia a constitutional government.

Mr. Labouchere makes life a burden for the jingoes by estimating the full cost of conquest in South Africa at $500,000 for each fighting Boer. While these figures are not vouched for it is certain that it could have been a great saving for England to have given each Boer an independent fortune as the price of turning over his country to Cecil Rhodes.

The masses of the democratic party of Fort Wayne are as good citizens as are found in any other political party. They have at heart as closely as any others the welfare of the city, the preservation of its good name and the enforcement of its laws. They are the power in the democratic party that those whom the party elevates to office will not dare to betray their trust if the party itself will stand guard over the city. The party can be strong unless it commands public confidence, and that can be accomplished only by standing for good government.

Filipinos have had a rather costly lesson in the fact that only an American appreciates the beauties of a graft as readily as a Spaniard. If the reports of wholesale frauds in the Philippines are true, the government cannot make too much haste to punish the offenders. The Filipinos have a bad taste in their mouths that remains from centuries of Spanish corruption. In the present case it is the government that has been robbed instead of the people over there. Nevertheless, it will make an impression not calculated to render the confidence of the Filipinos more easy to cultivate. Added to the Cuban frauds, the frauds in the Philippines make a heavy burden for the government to carry.

Doubtless a course of schooling at West Point is of importance to officers in the army, but it cannot make great soldiers of men without military genius. Half a life spent at West Point could give no man the dash, courage and fertility of resource that General Fred Funston on so many occasions has displayed. So there is wisdom in giving him a high commission in the regular army. It will keep him in the military service of the United States and he will be at hand, a better soldier and officer at any time than ever before, whenever and wherever needed. Performance is quite as important as seniority and West Point schooling when the need for great deeds has arisen. Napoleon made field marshals of all kinds of men who showed they were of the stuff of which great captains are made.

It is announced that President McKinley will take early occasion to restore Col. Russell B. Harrison to his rank in the volunteer army from which he was summarily removed some months ago. This will be done, it is stated, in order to remove any suggestion of blot on the military record of the Harrison family. The late President Harrison felt keenly the dismissal of his son from the army and after the death of the great Indianian there was made public a letter to a friend written before the general was seized of his mortal illness, in which he announced his determination to proceed for an inquiry to clear up Colonel Harrison's record. It seems there was no charge against Colonel Harrison that could be regarded as serious, the worst said of him being that he wanted tact. That probably is true. Colonel Harrison has often shown a want of tact, and especially did he during the presidential administration of his father. But that was altogether insufficient ground for dismissing him from the army in a manner almost amounting to disgrace. Colonel Harrison's military record is believed by his friends to be entirely creditable and it is not strange that the late general was greatly distressed and irritated by the cloud that had been placed upon the soldierly distinction of the family. The president's proposed action will, if taken, elicit the general approval of the country.

SPARE THE CITY.

Fort Wayne should be spared the long train of evils that will grow out of a prolonged and stubborn contest over the validity of those new charter amendments relating to the police judgeship, and the police, fire and health departments. A contest over the constitutionality of the recent charter legislature may take one of two forms. The democratic branch of the city government may oppose operation of the new law from time to time as separate points arise, encountering the stubborn insistence of the state branch of the administration, thus carrying the fight to an almost interminable length. On the other hand the two branches of the city government may co-operate in an amicable suit to have the constitutional status of the amendments settled without a bushwhacking fight in the lower courts.

If at the earliest practicable time a suit embodying all the mooted points of the new amendments shall be made up by the democrats and republicans it can be hurried through the lower courts, carried to the supreme court and speedily advanced to a decision. Whatever the supreme court shall declare will be final and all elements will be obliged to acquiesce in the dictum of the highest tribunal in the state. With the validity of the charter acts decisively established the new arrangement will be speedily and indisputably installed in authority and friction will cease. There will be no ground of antagonism and no recourse from what the supreme court shall have declared to be the law, just as on the other hand the old order will be maintained without question if the supreme court pronounces the charter acts invalid.

Neither party will suffer in its dignity or its prestige by co-operating to have these vital matters determined as speedily as possible. It will spare the city the turmoil and evil of a long and bitter fight for control of the branches of city government affected by the new charter legislation. No objection can be urged by either democrats or republicans to this course. It is the way of peace, order and the law.

A PECULIAR CASE SETTLED

FRED REIMAN APPEARS AFTER A LONG ABSENCE.

Wife's Suit for Support Dismissed and the Couple Are Reunited—Court News.

The case of Emily Reiman vs. Frederick Reiman was dismissed in the superior court this morning. The case was a rather peculiar one. Reiman disappeared from the city about six years ago and from the day of his disappearance until a week or two ago nothing was heard of him. His wife believing that he had deserted her or was dead commenced suit for support in order to get a decree to sell certain property. Within two weeks after the commencement of the proceedings Reiman appeared. He met his wife, a reconciliation was effected, he secured a job and went to work this morning, taking time, however, to come into court, pay the costs and have the suit dismissed.

ABOUT THE COURT HOUSE.

Cathenine Branstrattor has filed an action against Andrew D. Branstrattor to set aside partition deeds and quiet title.

F. J. Poirson, administrator of the estate of Peter F. Poirson, has commenced action to secure the appointment of a commissioner to sell real estate.

The county commissioners are in session today considering liquor licenses. There are sixteen applications and no remonstrances, so it is likely all will be granted.

The superior court convened for the April term this morning. The jury has not yet been ordered.

Both courts were in session this morning, but little business was done owing to the absence of most officials, who attended the funeral of Mrs. John Belot.

Fred Daseler, after an absence of three weeks, occasioned by sickness, resumed his duties as deputy sheriff of the superior court this morning.

M. F. Schmetzger today qualified as administrator of the estate of Isabe S. Schmetzger.

Judge Aiken this morning heard the evidence in the divorce case of Hanchett vs. Hanchett. Judgment was withheld.

This afternoon Anna C. Garman was divorced from Delbert A. Garman. Plaintiff was also awarded $500 alimony, the custody of a minor child and $5 per month for its support for a period of ten years. The child is but 8 months old.

Deputy Sheriff Young this morning found a handsome Masonic charm which awaits a claimant.

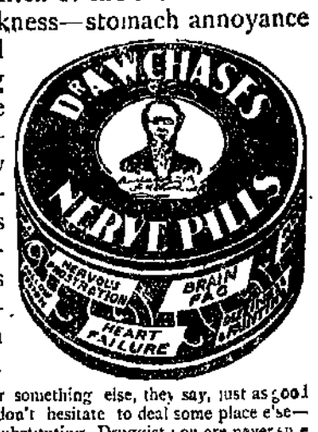
DOWN LIFE'S TOBOGGAN SLIDE!

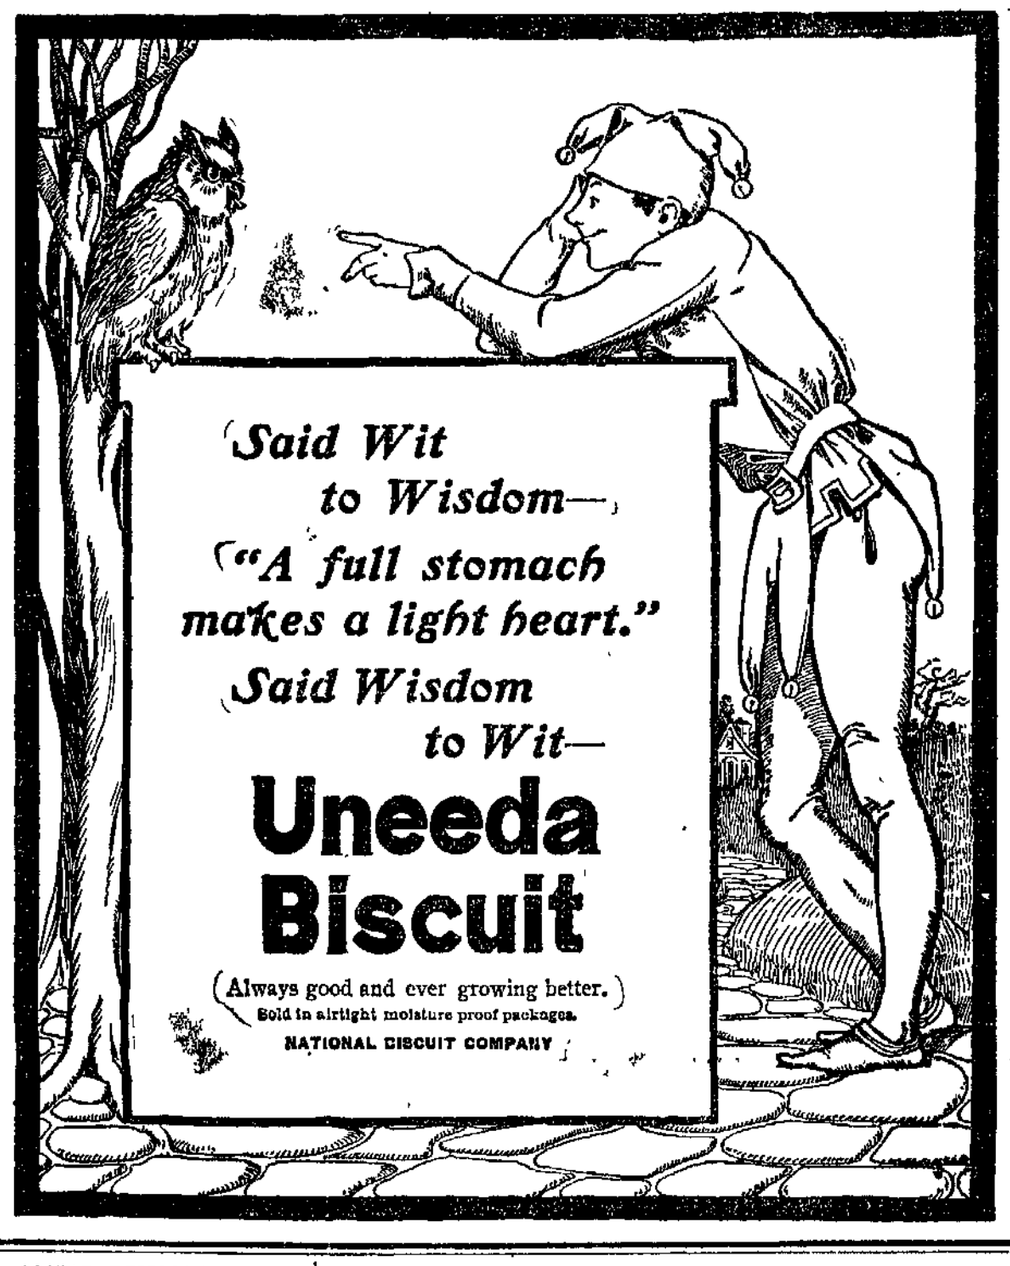
You start easy—the speed increases according to the pitch of the incline—That's what happens when Nerve Force is impaired—at first slight weakness—stomach annoyance—Headache—Heart fluttering—Trembling of the hands and limbs—restless sleep—bring conviction that something is lacking to make up the usual fullness of life—That something is Nerve Force—in its place is Nerve Waste until it is made good—repaired—the pace of declining health will increase until low vitality is expressed in every move—Pale—Languid Nerve-shattered people find exactly what they require in Dr. A. W. Chase's Nerve Pills—they supply the wants of wasted Nerves—they rebuild the Nerves—they renew the blood—their wonderful cures are all due to the fact that they restore Natural Nerve Force—That is what is wrong with most people these days—Brain Nerves—Stomach Nerves give out—all kinds of troubles follow.



Some Druggists Do—

Others Don't—

give you what you want when you ask for it—offer something else, they say, just as good—or better—When you meet a Don't Druggist—don't hesitate to deal some place else—purity is the essence of medicinal value—with a substituting Druggist you are never sure of purity—some of them don't like to sell the genuine Dr. A. W. Chase Nerve Pills because they make more on something else. The above is the shape and design to look for. Price 50 cents at dealers or Dr. A. W. Chase Med. Co., 18 Ellicott Street, Buffalo, N. Y.



SOCIAL DEMOCRATS.

The social democracy of the city held a meeting in the Elektron building yesterday afternoon, which was fairly well attended. The party is actively engaged in the city campaign and an enthusiastic member said they were sure of electing one, if not more councilmen. For their candidates for mayor and city clerk they are not so sanguine, but they pin a heap of faith to a councilman or two, although they do not yet specify which ward they expect to elect him from. This will be decided after the democratic primary tomorrow.

A STRIKE IS AVOIDED.

Cleveland, April 1.—It now seems probable that the threatened strike of the carpenters in this city will not take place. It is stated that fully half of the contractors have agreed to pay the increase demanded and it is thought the remainder will do likewise shortly. The Building Laborers' union also demanded an advance today of 25 cents, or $2 per day. The employers, it is said, have generally conceded the increase.

Fort Wayne March, 28, 1901.

To Whom This May Concern:

I have been a sufferer from rheumatism for over twenty years. I have tried everything almost that I could find and found no relief. About two months ago Mr. George Godfrey told me to take Wright's Rheumatic Remedy and it would surely cure me. I tried it and am now on my third bottle and find it has cured me. I cannot recommend your remedy—Wright's Rheumatic Remedy—too highly, and I wish to say to my friends, if you are suffering from rheumatism or kidney trouble, by all means use it.

I have lived in Fort Wayne since 1859 and am now clerking in Lehman's clothing house. I again say, if you have rheumatism, use Wright's Rheumatic Remady.

HIS DEATH HEROIC

LIEUTENANT COMMANDER ROPER LOSES LIFE.

DIED TRYING TO SAVE OTHERS

BRAVE OFFICER COMMANDED GUNBOAT PETREL.

A FIRE IN HER SAILROOM

ROPER TRIED TO RESCUE MEN FROM SUFFOCATION.

Manila, April 1.—The little gunboat Petrel, one of Dewey's famous Manila bay conquerors, caught fire at 7 o'clock yesterday morning at Cavite, causing the death of Lieutenant Commander Jesse Mims Roper and the prostration of twenty-two officers and men.

The fire was discovered in the sailroom, a small compartment adjoining the magazine. The heat was intense, the smoke suffocating and the flames difficult to extinguish. Lieutenant Commander Roper was the first to descend into the hold, but he was forced to return to the deck. Others then went down. Seaman Patrick Toner was prostrated and about to perish when Lieutenant Commander Roper endeavored to rescue him and was suffocated in the attempt.

BODY RECOVERED.

Both Lieutenant Josiah McKean and Cadet Lewis suffered severely in bringing the body of Lieutenant Commander Roper to the deck.

Twenty-two members of the crew were prostrated. Toner, Evans, Flaherty, Larsen, Kessler, Cahey, Burton, Smith, Sullivan and Forshcon suffered seriously, but all will recover. The contents of the sailroom were destroyed, but the damage to the gunboat was slight. The origin of the fire has not been ascertained, possibly it was a case of spontaneous combustion.

The death of Lieutenant Commander Roper is greatly deplored. His body will be sent to the United States April 5 by the troopship Buffalo, which will sail by way of the Mediterranean.

REMEY TELLS OF THE DISASTER

Washington, April 1.—Navy department advices are that Commander Roper met his death in essaying a rescue in the face of urgent advice that he was taking a useless and almost foolhardy risk. Though visibly suffering from the exertion and smoke he started down once more into the burning sailroom of the Petrel despite the remonstrances of his fellow officers He was overcome and forty-five minutes later expired without having regained consciousness.

The following is Admiral Remey's cable dispatch to Secretary Long:

"Cavite, March 31.—Fire discovered sailroom Petrel 7 this morning, Roper commanding. After going below once, went again against advice. Attempted recover men below. He suffocated; died at 7:45. Twenty-two other officers and men entirely prostrated. All recovering. Fire out. Damage immaterial. Send Roper's remains by Buffalo.

"Remey."

The department at once sent a telegram to H. F. Fay, the brother-in-law of Lieutenant Commander Roper, at 73 Monmouth street, Longwood, Mass., asking that he inform Mrs. Roper of the news. The following expression of sympathy and appreciation is also made:

"With this sad news the department sends to Mrs. Roper deep sympathy in the great loss she has sustained and the highest appreciation of the gallantry and self-sacrifice with which Lieutenant Commander Roper gave his life for his fellowmen. It was a hero's death."

Lieutenant Commander Roper was a native of Missouri. He entered the naval service June 25, 1868, and on March 3, 1899, was commissioned to the rank held by him at the time of his death.

GALLANT WORK UNDER DEWEY

On that memorable morning when Montojo's fleet was crushed by Dewey's squadron the Petrel, in spite of her diminutive size, took such a prominent part that the whole world rang with praise for the ship and her gallant commander. She engaged the Spanish ships close to the shore, where other warships could not go on account of their draft. She steamed boldly up to the frowning batteries of Cavite and silenced the heavy Hontorias with her six-inch guns. For this daring and successful exploit Commander Wood was advanced ten numbers in his grade and his superior officer gave him unstinted commendation. All this redounded to the credit of the Petrel, which, always a favorite, now became the pet of the navy. No tar has seemed it a degradation to serve on her, and the bluejackets have on more than one occasion resented what they considered an insult to their ship.

PETREL'S CAREER IN NAVY.

The Petrel slipped into the salt water in 1888 at Baltimore, and performed active service for three years on the Atlantic coast. She was a successful vessel from the start, from an economical standpoint. Her registered displacement is 890 tons, her length 176 feet 3 inches and breadth 31 feet. Compared with the Concord she is about half the latter's size.

The Petrel carries no big guns, of course, but she has a powerful battery for a baby cruiser. Four six-inch guns in sponsons defend her against enemies of her size and two three-pound rapid-fire cannon and five magazine guns are placed so as to pour shot into torpedo boats and boarding parties.

The Petrel is speedy too. She proved this in a race across the Pacific to San Francisco. Her competitor was a staunch cruiser of the American navy, and one with a higher rating for speed. But the machinery of the little gunboat was as good as the day it was first installed, and with a forced draft she was able to make a speed of thirteen knots. When she arrived at the Golden Gate she received a royal welcome, and any man who wore "Petrel" on his cap could have had anything he wanted.

BRAIN FOOD

Is of Little Benefit Unless It is Digested.

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains.

For business men, office men and clerks, and, in fact, everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruits and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years' experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ, but only on the food eaten. They supply what weak stomachs lack, pepsin diastase, and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion, which means perfect health.

There is no danger of forming an injurious habit, as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

Old Nottingham is the richest town in England. It has established the only university college maintained by the municipality.

BOYS ARE HEAVILY FINED

THREE YOUNG MEN ARE GIVEN LIMIT BY MAYOR.

Made Disgraceful Show of Themselves While Drunk on Street Sunday—Police Notes.

It was no April fool joke to the fellows who ranged themselves in front of the mayor's desk this morning and accepted fines ranging from $1 to $25. Of the latter brand there were three who got their jags on Sunday and consequently had to pay a higher rate. They were Harry Woodward, Harry Knoulph and Charles Boehm. The first two have never been in trouble before, but yesterday got into bad company and with Boehm proceeded to get drunk and do things. They were very wild and obstreperous and created quite a show on Calhoun street. Boehm is a young man, but an old timer. He has served a term in the penitentiary and has been arrested before since being discharged from custody. His father stayed the docket for him and he was released. Woodworth's father stayed the docket for him and young Knoulph, who is the son of a poor widow who earns a livelihood by hard labor. The mayor in assessing the limit said to the Woodward and Knoulph lads that he was sorry that he felt it incumbent to be so severe, but added that he hoped it would be a lesson to them to keep out of bad company and assured them that if they ever got into a similar scrape on the Sabbath he would send them over for as long a period as the law would allow and would assess a fine besides.

Louis Niel, an old man, was overcome by the effects of too much booze on Saturday and fell helpless on the street. He was fined $1 and costs, which was paid by his employer.

Charles White, a tailor who worked in town only a week, got full Saturday night and was arrested. This morning the mayor taxed him $1 and costs. After court adjourned he made a hot talk to the mayor and succeeded in having his sentence suspended during good behavior. He says he has reformed for good.

Henry Brent was up on the same old charge. The mayor told him that he guessed that about twenty-one days in jail would do him a heap of good and Henry did not kick.

POLICE NOTES.

S. H. Matthews, the evangelist holding forth at the West Main street mission, filed an affidavit against William Walters for disturbing a religious meeting. The disturbance occurred last Friday evening. A warrant was issued for Walters' arrest.

One of the results of the Sunday drunk of Boehm, Woodward and Knoulph has been the filing of two affidavits against Doolittle, the Calhoun street saloonkeeper. He is charged with selling liquor on Sunday and with selling to minors. His place is where the boys say they got their load and as their actions were so exceedingly disgraceful the officers decided to put the blocks to Mr. Doolittle proper.

A twenty-two-inch Rambler bicycle, No. 73699, red fork tube and seat post, was stolen from the front of the Western Union office yesterday afternoon. Colonel Perry is having an unusual run of hard luck with his bicycles lately. Hartman Bros. report the loss of a bicycle taken from in front of their store. They think perhaps it was an April fool joke.

A man named Keck came to town from Cedarville on Saturday and at night reported that his horse and vehicle had been stolen. The police looked the matter up and found that Keck had had a severe tussle with the Centlivre buck and that while he was off duty some of his country friends and relatives had taken his rig and driven home with it. Mr. Keck was very mad for awhile and then proceeded to trudge home on foot.

Mrs. Harris, of No. 8 Fulton street, reports that her 17-year-old son is missing from home and she believes he has run away.

The police were informed last evening by a telephone message from the poor farm that the 18-year old daughter of Mrs. Fairfield, living near there, and the 17-year-old son of Mrs. Strodel, proprietress of the road house close by, had eloped. The girl climbed out of the window and fell into the arms of her Lochinvar and together they flew and flewed. In their elopment they used a horse and buggy belonging to Mrs. Strodel, which they appropriated for the occasion, and it was thought that they came toward the city. The sheriff and police were at once on the lookout, but at this writing nothing has been heard of the young lovers.

Officer Charles Spillner is today celebrating his forty-first birthday anniversary. John Reuss also first saw the light of day on April 1st, and he and Spillner are the only ones left of the famous world-renowned celebrities who were born on All Fools' day. The quartet consisted of Prince Bismarck, Captain Hettler, Mr. Reuss and Officer Spillner.

ACCLAIMED BOER FIGHTERS.

Madrid, April 1.—Dispatches received here from Lisbon are rigorously censored. Letters which have reached here say the Boers who arrived at Lisbon on board transports Friday from Delagoa bay were accorded a splendid reception, contrasting with the coolness of the popular reception of the mission headed by Earl Carrington, sent to Lisbon to formally notify King Charles of the death of Queen Victoria and the accession of Edward VII. to the throne of Great Britain and Ireland. The hour selected for the landing of the Boers was kept secret, but nevertheless a large crowd was present and acclaimed the travelers, a majority of whom were European volunteers. The party, numbering 700 persons, was escorted to their quarters by Portuguese infantry.

THE PREMIER IMPROVES.

London, April 1.—Although no bulletin has been issued, it is reported that Lord Solisbury is progressing satisfactorily towards recovery from his illness. The private secretary of Lord Salisbury, Mr. Schomberg-Donnell, informs the Associated Press press that the premier is making excellent progress, and that there is absolutely no truth in the statement that his physicians have discovered symptoms of Bright's disease or any other complications. Lord Salisbury is still somewhat weak, as the result of influenza, but expects to start for the Riviera at the end of the week.

MAY BUY HALF INTEREST.

C. E. Stephens, of Chicago, is in the city today negotiating with W. D. Jones for the purchase of a half interest in the New Aveline hotel. While the arrangement is not completed, it is known that it has progressed to a state where it is likely to be consummated within a very few days. Mr. Stephens is an experienced hotel man, and has recently disposed of the Clinton, a prominent hotel at Kokomo.

OUR COUNTRY'S FLAG.

O, raise the flag, O, raise the flag,
And let it unfurl to the breeze
The stars and stripes that brightly shine—
Let them tower above the trees.
O, how loyal, O, how loyal,
Does it look as it waves on high
It makes the feeble pulses beat
And it brings the flash to the eye.

O, wave it long, O, wave it far,
Over mountains, glens and rivers,
Over hill, dales and prairies wide,
And let the old voices quiver,
As they sneak of the time
When the foes tore it down.
But they raised it again
E'er 'twas trampled upon.

O, hail the flag, O, hail the flag,
And let it unfurl to the breeze
The stars and stripes that brightly shine—
Let them tower above the trees.
In the field at Chickamauga
In the battle and in the fight.
'Tis the flag that they all fought for,
Fought for liberty and for right

LOCAL NEWS.

Zion's Walther league will hold its business meeting this evening.

George Randall, of the Indianapolis Press, was in the city yesterday to visit his mother and brother, of New York, who are temporarily sojourning here.

Malcolm McInness, for the past three years steward at the Wayne hotel, has resigned to accept a more lucrative position. His resignation will take effect on the 10th.

E. O. Rose, of Angola, is in the city this afternoon. Mr. Rose has been deputy United States marshal, and at the request of Mr. Pettit, the new marshal, Mr. Rose will continue in office for some weeks until his successor is named.

Friday evening Miss Grace Gates pleasantly entertained the members of the C. C. C. club and their gentlemen friends. The game of the evening was progressive red letters, in which Miss Elizabeth Williams and George Knowlton were given first prizes and Miss Florence Alderman and Merlin Ganaga secured the consolations.

NOTES OF THE DAY.

During the short period of three years there has been an increase of nearly $1,000,000 in the Tammany salary list in New York.

Since 1880 140,000 British farm laborers have been displaced by machinery. This machinery could be made by 4,500 men in one year.

In the quantity of annual rainfall the continents rank as follows: South America, Africa, North America, Europe, Asia, Australia.

The Bank of New York, which was founded by Alexander Hamilton, celebrated its 170th anniversary recently.

In the German-Austrian Central mountains as many as 136 taverns are run for students and pupils. They had last year 10,371 guests.

The mayor of Limoges has issued a decree forbidding the ringing of church bells before 6 o'clock on winter and 5 on summer mornings.

Buffalo points with pride to its cancer laboratory as the first of its kind in the world. It was established and thoroughly equipped two years ago.

Both of France's rivals and near neighbors—Germany and the United Kingdom—are now rapidly leaving France behind them on the score of population.

Nine different languages and dialects are used in the text of the new Austrain bank notes, which are designed by Alexander Hegedues, the eminent Hungarian artist.

San Francisco's claim to be a cosmopolitan city rests on the showing made in a table of the nativity of its registered voters. There are 73,633 of these, 45,189 of whom are natives of this country and 28,444 were born in foreign countries.

Relics of the Roman occupation, in the shape of Roman titles and earthenware, have been discovered, as well as two skeletons, in the course of excavations at Dover, Eng. In ancient times this ground formed the estuary of the River Dour.

In 1899 the public high schools of the United States graduated 20,344 boys and 36,124 girls. The boys are taken from school earlier than the girls and put to work.

Cincinnati has an organization of capitalists called "The Tropical company." It has large land holdings in Honduras, on which the cultivation of bananas is conducted on an extensive scale.

The naval authorities at Brest have just disposed by auction of the old cruiser Arethuse, recently struck off the list of the French navy. She was sold for £9,700, plus the usual 5 per cent.

The Leicester (England) town council have decided to make a grant to the Municipal forward movement to enable that body to provide boxes of plants for the window sills of the poorer cottages of the borough.

The number of persons visiting the library of congress on inauguration day was 75,572 by actual count kept by a mechanical register. In three days—Saturday, Sunday and Monday—the total was over 100,000 persons.

ABOUT BASE BALL.

While the list of players who will report in Fort Wayne for practice next week is not complete, it is nevertheless a big one. The following list comprises all who have been signed and whose names are on the Fort Wayne claim-list up to noon today. Many of them, it will be seen, have no records, but are supposed to be good men and have come well recommended, while a number of others were selected by Manager Miller after seeing them perform on the diamond. The records are taken from Spalding's and Reach's official guides for 1901. Of the pitchers there are plenty, just enough to make a team of themselves—nine. Some of them have been tried in professional ball and while none of them are top-notchers so far as their record is concerned, all are good ball players and men who play less for a record than they do to win games. That is the kind of players Fort Wayne wants and anybody else can have the record-players as long as Fort Wayne is allowed to have the game-winners.

—Pitchers.—

Hon Fricken, Fort Wayne's old standby, will wear the same uniform this year, a fact which will please the local fans. Fricken ranked eighth among last year's Inter-State pitchers and had a fielding average of .959. Out of 40 games pitched he won 33, and had but 3 errors charged against him. He was unlucky at the bat and succeeded in getting a batting record of only an even .200.

E. Ames, one of the new pitchers signed, played with Mansfield last year and won 12 out of 23 games in which he pitched. He was hit 171 times, off which number of hits 108 runs were scored. He ranks eighteenth among last year's Inter-State pitchers and had a fielding record of .888. His batting average was 186. He is considered a good man and with better support will make a better record than now stands to his credit.

Pete Daniels, nicknamed "Smiling Pete," was on the slab of the Columbus-Anderson aggregation in 1900 and pitched 25 games, of which he won only 8. His rank is 29th among the pitchers, but his fielding average was .875. He was rated, however, as one of the best hitting pitchers and came close to the .300 mark, his average being .291.

George Mullen formed the delivery end of the famous Mullen-Fuller battery of the South Bend Greens. He was with the South Bend team two seasons and the Fort Wayne manager was up against him in nine games and knows what he is. He is a right hand pitcher and this will be his first year in professional ball.

"Noodles" Hahn was given a trial by Fort Wayne last year. He was here at a time when the local team was strong in the box, and while his work was generally satisfactory, he was not needed and was farmed out to Terre Haute, where he acquitted himself with credit.

V. Vickers is new in professional ball. He was tried by Toledo last season and showed well, but needed finishing. He pitched for Auburn during the season and is now firing on the Baltimore and Ohio. He is a big fellow, with great speed and good control, but lacks experience in the headwork of the game. Manager Miller thinks well of him.

Perry Sessions, pitcher, is regarded as one of the coming stars of the slab. He played a few games with Youngstown, but owing to the rocky financial condition of that club he skipped and went to the Wisconsin state league, where he made a great hit. Manager Miller says he is stuck on him.

E. Lamont, a pitcher from the Wisconsin league, is not so well known. Manager Miller got into a nest of Wisconsin leaguers somewhere and Lamont was touted as one of the best in the bunch. He will be given a fair trial.

Carroll Beall was signed on trial last Saturday. He is a right-handed pitcher, lives at Danville, Ill., and was one of the stars of the Two-Eyed league last year. President Mautner discovered him and thinks he will prove a wonder.

—Catchers.—

In catchers the club is probably as well fixed as any of the clubs. There are only two men on the list, but both are good and both will probably be carried.

George Fox will be a new man in a Fort Wayne uniform and will constitute the receiving end of one of the batteries. His face will be a familiar one, however, having been seen here with Mansfield last season. He stands third in the list of Inter-State catchers and last year caught 102 games, in which he had 311 put outs, 80 assists and but 10 errors, giving him a fielding average of .975. He is also very handy with the stick and ranked 16th among the Inter-State players, closing the season with an average of .295. He is considered a valuable acquisition and will undoubtedly become popular.

George Fuller, catcher, was with last year's famous South Bend Green Stockings, who trimmed the Fort Wayne league team. He hits like a fiend, is a great backstop and is a lightning thrower to bases. He was the principal mainstay of the South Bend team last year.

—Infielders.—

The Fort Wayne infield is a trifle mixed at this date, more especially at second base. There are plenty of first basemen and Babb will hold down the third bag, but the second station is yet a matter of doubt. Following is the present list to select from:

George Jacobs, of Louisville, Ky., formerly with the Louisville National leaguers; not in the game last year; a good fielder, fair base runner and said to be a good hitter; will report about May 15.

Claude Starkey comes to the states from the Canadian league. He is said to be fast in the field and at bat, and was highly recommended to Fort Wayne by Buelow, of the St. Louis club.

William Horsley is another graduate from the Two-Eyed league and will be given a trial on the initial sack. He played with Terre Haute last year and his recommendations are first-class. He is said to be a good hitter and a good waiter.

Frank Quinn played second base for Mansfield in 69 games last season. His fielding record was .913 and his batting percentage was .213. Manager Miller signed him last week as a fielder and utility man.

After considerable sparring Charlie Babb, who is one of the most popular ball players ever seen in this city, has affixed his name to a Fort Wayne contract. He stands 9th in the list of third basemen and last year played 135 games, making 56 errors in a total of 582 chances, giving him a fielding record of .904. His batting average was .285. Babb was regarded as one of the most reliable men at bat in case of a pinch and at all times was a good waiter. In the field he goes after everything that comes his direction and never was known to refuse a chance for fear of an error.

Frank Nattress is well known in Fort Wayne and last year stood 7th among the Inter-State shortstops, being two notches above Krueger. He played in 112 games and out of a total of 706 chances he made 75 errors, giving him a fielding record of .894. At bat he ranked considerably above the average, his record being .260, which is five points better than was made by Brashear, who was considered a satisfactory sticker.

Frank Miller, with last year's New Castles, will in all probability be permanently selected to hold down second base. His fielding record last year was .987 and his batting record was .294. As compared with Hollingsworth he outranked him twenty points in batting and in fielding. "Holly" stood second among the Inter-State second basemen and Miller stood fourth.

—Outfielders.—

For the three places in the outfield there are six men to select from. Most of them are new and will make their debut in professional ball in Fort Wayne uniform. "Doggie" Miller will be the only old face, although McQuade is said to have been seen here with New Castle a season or two ago.

Manager Miller, "Doggie," after things get shaped up, will again be found in Fort Wayne's sun field. Last year he made nine errors in 129 games and had a fielding average of .951. He ranked 18th in batting, with an average of .293, standing third in the Fort Wayne club.

"Chuck" Fleming, never in professional ball before; with last year's Notre Dame team; a strapping big fellow, very active; has a good eye and is a safe hitter and altogether a very promising youngster.

James Hankey, played in the outfield in the Wisconsin league last year; has no record, but comes highly recommended by Otto Krueger, who says he is one of the comers of the year.

Dan Murphy, of Brookfield, Mass., will be tried; he has been playing independent ball in the east and is of the same class as Bergen, upon whose recommendation he will be given a trial.

Mark McQuade comes from the Eastern league and played with Springfield last year, although his name does not appear on the official record. Miller says he is a good all-around men and he will be given a fair show in one of the gardens.

Frank Heustis, a newcomer in professional ball, was unearthed somewhere by Manager Miller, who will give him a trial on the strength of his recommendations. He has no record.

THE MARKETS.

Chicago, April 1.—Corn began the new month in an active manner. May opened a shade to ½@⅝c lower at 44½c to 44c under heavy realizing sales, but reacted sharply to 44½c on heavy buying for the country account. When this demand fell off the market reacted to 44½c. The weather was improved and receipts were 284 cars, 21 of contract grade.

Under heavy liquidation May corn later broke to 43⅜c and closed weak, 1@1½c lower at 43½c.

In the oats market there was a resumption of Saturday's activity and strength. May opened ⅛@¼c lower at 26¼c to 26½c in sympathy with wheat and corn, but on heavy buying by a leading corn bull and by southwestern interests the market advanced during the first hour to 27⅛c. On realizing sales a reaction to 26⅝c followed. Receipts were 194 cars.

The market declined during the afternoon with corn and closed weak, May ⅝@¾c lower at 25⅝@25¾c.

Wheat opened weak, May ⅞@1c lower at 75¼c to 75⅝c, on heavy world's shipments, lower cables, liberal receipts and good weather. After touching 75⅞c the market turned weak and fell to 75⅛@75¼c. Local receipts were 82 cars, 4 of contract grade, while Minneapolis and Duluth reported 480 cars, against 621 last week and 669 a year ago.

The market followed the corn decline and after touching 74¼c closed weak, 1¾c under Saturday at 74¾c.

Provisions were irregular. The opening was firm on light hog receipts and on higher prices at the yards. May pork eased on selling by longs, while lard and ribs held firm on local support. May pork opened 12½c higher at $15.62½ and declined early to 15.50; May lard opened 2½@7½c higher at $8.25 to $8.30, selling back to $8.25, and May ribs 2½c lower at $8.10, advancing to $8.15.

Note.—No session of board tomorrow—city election.

THE CLOSE.

Prices at the close were as follows:

THE DAY ON WALL STREET.

New York, April 1.—There were wide and excited openings in Rock Island and United States Steel stocks and a number of railroad stocks showed violent advances. There was a fair sprinkling of losses in which was included Burlington with a drop o f2¼. The first 8,000 shares of Rock Island sold simultaneously at 135¼ to 136¾, compared with 135 at the close on Saturday. Fifteen thousand shares of United States Steel and as much of the preferred changed hands at the opening, the common ruling at 46½ to 47½, compared with 46½ on Saturday, and the preferred selling at 96 to 96¾, compared with 95¾ on Saturday. St. Paul rose 1⅞, Lake Erie and Western 2¼ and there were opening gains of 1 to 1⅝ in Lake Western, Delaware and Hudson, Union Pacific, Manhattan, Smelting, Tennessee Coal and Peoples Gas.

Very large blocks changed hands in many stocks.

With business in increasing volume and many stocks moving independently, speculation was very much confused and excited. It could be perceived, however, that the Steel stocks were determinedly supported, prices being bid up steadily in the face of large offerings. Both the independent companies and subsidary companies of the United States Steel cororation were affected. The gains ranged from 1 to 6¾, the latter Republic Steel preferred. With but few exceptions other stocks were sold to realize profits; particularly those which were conspicuously strong at the start. Declines extended to a point or over, Rock Island losing 1¾.

Reading common rose above 37 near 11 o'clock. Sugar rose 1¾ and Rock Island and People's Gas recovered to the top with strengthening effect on the list.

Purchases of the general list were made with more confidence owing to the buoyancy of several leading stocks. Rock Island got up 4¼ to 139¼, Union Pacific 2½ and Southern Pacific a point. United States Steel broke through the barrier at 47⅛ and rose to 48, but the preferred dropped to 96. Pullman rose 6¾, Consolidated Gas 3 and Northwestern preferred 2¾ ex the last dividend. All of the Steel stocks moved onward except Sloss Steel and Republic Steel common and preferred, which fell 1 to 4 on profit-taking. Purchases of the railway list became larger, but Northern Pacific and Burlington were less active and lower, Burlington touching 172½. The market was feverishly irregular and price variations were constant and conflicting.

Bonds were irregular.

NAMED BY THE PRESIDENT.

Washington, April 1.—The president today made the following appointments:

Treasury—Joseph B. Stewart, to be collector of customs for the district of Richmond, Va.

Navy—Joseph N. Hemphill, Abraham B. H. Lillie, Henry N. Manney and William L. Swinburne, to be captains; Edward M. Hughes and Samuel P. Comley, to be commanders; Hoy C. Smith and Robert S. Griffin, to be lieutenant commanders; Emery Winship, to be advanced four numbers in rank on the list of lieutenants, junior grade for eminent and conspicuous conduct in battle; Colonel Robert L. Meade, to be brigadier general by brevet, in the marine corps, for distinguished conduct and public service in the presence of the enemy at the battle of Tien Tsin, China; Lieutenant William G. Powell, to be captain by brevet, in the marine corps, for distinguished conduct and public service in the presence of the enemy at Tien Tsin, China, and Thomas F. Hobby, to be a warrant machinist in the navy.

A lively runaway occurred on Washington boulevard on Saturday night, about 10 o'clock. A teamster named Hostetter, apparently the worse for liquor, was the owner of the team, and the animals became uncontrollable at the corner of Union, where they overturned the rig and dumped the driver out. The horses ran west at terrific speed and collided with an iron post at the corner of Nelson, where the wagon was reduced, to kindling wood. The horses turned south on Nelson with a section of the wagon still attached and were finally captured near Rastetter's. Many persons had narrow escapes from the frightened team.

"OUR PRIDE."

Messrs. Will Young, of the Packard music store, and Walter E. Fox are the composers of a new two-step which they have named "Our Pride," in honor of the handsome new court house. The composition is a most meritorious one and the air is unusually bright and catchy. The title page of the new piece contains a large half-tone picture of the court house, for which it is named. Messrs. Young and Fox are well known musicians and they are to be congratulated upon producing the two-step which bids fair to become very popular. The composition was published by a prominent Chicago firm.

HE DIED SUDDENLY

R. H. MYTON DROPS DEAD FROM HEART DISEASE.

WAS A MONON BRAKEMAN

FORMERLY WORKED ON THE GRAND RAPIDS ROAD.

MORE WHEELING RUMORS

NEW YORK MAN INSISTS THAT SALE WAS MADE.

R. H. Myton, a citizen of Fort Wayne, died suddenly in Lafayette at 9:30 o'clock Sunday night. The news was conveyed here through a long-distance telephone message from Superintendent of Police Harris, of Lafayette, to Supt. Homer Goraline, and by the latter to the wife of the unfortunate man. Mrs. Myton is nearly prostrated with grief over her loss. She has placed the arrangements for the funeral in the hands of the local lodge of the Brotherhood of Railway Trainmen, and C. A. Scott, in behalf of the brotherhood, telegraphed to the Lafayette lodge to send the remains here at the expense of this lodge. They will probably be brought here on the evening train over the Wabash. Mr. Myton was in the employ of the Monon road and was about to take his run out when he suffered an attack of heart disease, which terminated so suddenly in death. He went to Lafayette only last Monday and Tuesday morning applied for and secured work on the Monon. Mr. Scott received a letter from him this morning, which was written Saturday night, asking him to assist in moving his wife and household goods to Lafayette. He wrote that he was anxious to go to housekeeping at once. That was probably the last letter the deceased wrote. Myton was twenty-two years old and a native of Monroeville, where his father, Joseph Myton, still resides. He had been in the railway business ever since he was a boy. His first service was on the Wabash, where he was struck by an overhead bridge at Decatur, Ill., and nearly killed. His skull was fractured by this accident and a large piece of it at the crown of the head had been removed. After recovering from this accident he was employed for awhile on the Grand Rapids and Indiana road. Samuel Myton, of the Nickel Plate, and Charles Myton, of the Clover Leaf, were brothers of the deceased. The funeral will be held in this city and interment will probably also take place here, though the family has a burial lot in the Monroeville cemetery. The local Brotherhood of Railway Trainmen lodge will have complete charge. Mr. Myton is a beneficial member of that lodge, being initiated on the 3d of February last. He resided at 113 Holman street.

LARGEST IN THE WORLD.

The Chesapeake and Ohio has just placed in service three of the largest passenger engines in the world, and their use obviates the running of double-headers on the steep grades on that line. These engines, with the tank, weigh 287,000 pounds, the engine proper, 173,020 pounds; weight on driving wheels, 126,220 pounds; cylinders, 22 by 28 inches; engine has 300 boiler tubes two inches in diameter and fifteen feet long; heating surface of firebox, 3,066 square feet. These engines are guaranteed to haul a train weighing 400 tons up a grade of eighty-four feet to the mile, with a curvature of four degrees, at a speed of twenty-five miles an hour.

CHANGE OF WATCHMEN.

Capt. H. Stoll, of the Pennsylvania, has made a slight change in the assignment of crossing watchmen in this city. Jacob Schaefer, who has been looking after the safety of the public at the Calhoun street crossing for several months, resigned Saturday evening to engage in another line of work. John Wiegand has been transferred from the Fairfield avenue crossing to succeed Mr. Schaefer and W. C. Hammond has been employed to fill the place at Fairfield avenue. Mr. Hammond comes from Warsaw, Ind., and is a new man on the force.

WILL BUILD LARGER DYNAMOS.

When its new shop addition is in operation, the Fort Wayne Electric company will build a much larger dynamo than any now being turned out of that establishment. This morning a carload of machinery from the Siemens-Halske works, of Chicago, included some commutator clamps about ten feet in diameter, which will be used in making commutators for the larger machines the company will build.

CELRO

BABY'S BUSINESS

A healthy baby is comfortable; and that is enough for a baby. His business in life is to grow.

Aside from acute diseases, his food is the cause of most of his troubles. But Scott's emulsion of cod-liver oil delivers him from it.

He isn't sick; only a little hitch, somewhere, in his machine for turning food into growth.

It is a great thing to do, for a baby, to help him over a hitch with mere food—the emulsion is food that has the tact to get there.

The tact to get there is medicine.

We'll send you a little to try, if you like.

SCOTT & BOWNE, 409 Pearl street, New York.

A NEW TRANSFER TABLE.

Another improvement for which the Wabash is now gathering the material is a new steel transfer table between the machine shop, the tank shop and the tracks leading into the shops. The present table is operated by a cog-geared track and the power is applied by hand with a crank-handle. This method did well enough in early times, but it is fast being supplanted by other methods. The Wabash will use compressed air as a motor for its new turntable.

THE TEACHERS' EXCURSION.

Col. R. G. Thompson has completed arrangements for the excursion train to Anderson next Thursday, the occasion being the state meeting of Indiana school teachers there. The train will leave this city at 8 o'clock in the morning and reach Anderson at 10:15 o'clock; returning Saturday afternoon at an hour to be arranged to accommodate the teachers. It is expected that about 150 people will take in this excursion.

ANOTHER WHEELING RUMOR.

A correspondent of the Cincinnati Enquirer, writing from New York under date of last Saturday, insists that the Wheeling and Lake Erie road has been sold and that the Wabash is greatly interested in the deal, notwithstanding the vigorous denials of the report of the sale. The correspondent says: "There are strong denials tonight in dispatches from Cleveland to the effect that the Wheeling and Lake Erie railroad has been sold. It is quite likely that those who are doing the denying are honest and in earnest in these denials. But they are not fully acquainted with just what is doing. The road has been sold. The sale occurred this morning. It was a private transaction, and was intended to be kept a great secret. The sale will be denied in most positive terms, perhaps, even in advices from New York. Yet there was a sale, and the Wheeling and Lake Erie has passed from the control of those who heretofore had its ownership. That is certain. Just who the purchasers are those in the know are also trying to keep from the public. Yet it would not be far wide of the mark to say that the Wabash management are the present owners. If they are not at this time, it will be a little while until the road will be turned over to the Wabash. There will be a little manipulating, probably, but eventually, unless plans now fully arranged are altered, control of the stock will land with the Wabash. Col. Myron T. Herrick, of Cleveland, the old receiver of the Wheeling and Lake Erie, has been at the Waldorf-Astoria for the last week. He is said to have handled all the details of the deal effected this morning. With the Wabash the Wheeling and Lake Erie will form a continuous line from Pittsburg to St. Louis and Kansas City."

HONORED A DEAD SHOPMAN.

Not for many years was there so great a turnout of shopmen at a funeral as characterized the funeral of the late Peter Harber this morning. The Pittsburg machine shop, where the deceased worked for so many years, was almost completely deserted at 9:30 o'clock this morning, and the absentee list in the car shops, blacksmith and boiler shops were unusually large on account of the great number who laid off to attend the funeral. A good many of the Wabash and the Bass employes also attended the funeral. The Pennsylvania men assembled at the shops and marched from there to the house; thence to St. Peter's church and as far as the bridge on the road to the cemetery. Nearly all of the men reported for work at noon.

ON THE RETIRED LIST.

Diedrich Thiele, an employe of the Pennsylvania company, passed the seventieth milestone on life's pathday a few days ago and in accordance with the rules of the company has been placed on the retired list. Mr. Thiele commenced his term of service with the company in 1864 and has continued it uninterrupted up to the present time. Clark Albers, a young man who was recently engaged as a solicitor for an insurance company, has taken the position, sweeper in the paint shops, which Mr. Thiele vacates.

ELECTED DELEGATES.

At a meeting of the local lodge of the Switchmen's Union of North America yesterday, C. V. Jennings was elected a delegate to the national convention, which will be held this year in Milwaukee, Wis., beginning May 20. W. C. Elliott, now employed at the electric light works, was chosen alternate delegate. The Switchmen's union has recovered from the blow it received several years ago through the defalcation of the national treasurer and is now one of the strong railway organizations.

NEW BOOK OF RULES.

A new book of rules will become effective on the Pittsburg road May 1. It is now being distributed among the trainmen, enginemen and others in the transportation department. There are no radical departures from the rules now in force on the road.

FREIGHT AGENTS' MEETING.

The local freight agents are looking forward to the meeting in Denver next June 11 to 14 inclusive with anticipations of an enjoyable and profitable time. The meeting promises to be one of the most important yet held and indications point to the largest gathering in the history of the association. Those from this city who will be in attendance are Joseph Sullivan, of the Wabash; E. H. Kirkland, of the Pennsylvania and the Grand Rapids and Indiana; H. C. Moderwell, of the Nickel Plate; John J. Flynn, of the Lake Shore and the Lake Erie and Western, and Harry O. Quicksell, of the Union Star line. C. H. Newton, late of this city, but now agent at Toledo for the Wabash, will also attend the meeting. Most of the agents from this territory will assemble at Chicago and go from that city to Denver in a body, probably on a special train. Mr. Newton will go to California after the meeting and visit his mother.

A NEW MACHINE SHOP.

George Knoll and Fred Rowe are preparing to open a machine shop on Broadway where bicycles, typewriters and like articles will be repaired. These gentlemen were formerly employed in Foreman J. J. Bauer's room at the Fort Wayne Electric works.

INDUSTRIAL NOTES.

Nickel Plate Conductor F. B. Maxwell is taking a few days' rest.

Bookkeeper Ed Beaver, of the Indiana Road Machine company, is sick.

F. W. Hockemeyer, a truckman at the Pittsburg freight house, is sick and off duty.

Jacob Hausbach, a gang foreman at the Bass blacksmith shops, is sick and off duty.

Machinist Walter Adams, of the Bass works, sprained his back last Saturday and will be unable to work for a few days.

Henry Beckness reported for work in the Pittsburg shops this morning after an absence on account of sickness of a few days.

M. Hemeldorn, a car repairer in the employ of the Pittsburg, is off duty on account of personal injuries, sustained while at work Saturday.

The Nickel Plate yards were full of cars yesterday, the company not having power sufficient to move them. Business is again very heavy on the road.

A. S. Durnell, who was sick, and Henry Lerch, who was looking after private affairs, resumed their work in the Pittsburg shops this morning. They are tinners.

Passenger Engineer J. A. Keplinger, of the Pittsburg, has gone to Bucyrus, Ohio, to see his mother, who has been sick for some time. The old lady is improving.

Two cars were derailed at Adams Station last night, one loaded with coal and the other with oil. No delay to trains other than the one of which the derailed cars were a part.

Samuel Henline, of the Pittsburg blacksmith shop, has gone to the home of his mother, in Whitley county, in response to a telegram informing him of the serious illness of that lady.

Cornell Morganthaler, a salesman, and William Driftmeyer and Charles Green, construction men, in the employ of the Fort Wayne Electric company, are in off the road for a few days.

John G. Bechtol, Pittsburg passenger engineer, resumed his duties today after a two weeks' lay off.

J. M. Landenberger will leave tomorrow upon a business trip into Wisconsin, in the interest of the Indiana Road Machine company.

Fred Kraft, a boiler inspector at the Pittsburg round house, was slightly injured yesterday and will probably be off duty for awhile.

George Cassady, Pittsburg yard conductor, is off duty on account of sickness in his family. Yard Brakeman David Rowan is taking a vacation.

Chief Dispatcher J. G. Jennings, of the Pittsburg, was the guest of his family at Cincinnati over Sunday. The family will soon remove to Fort Wayne.

Mrs. Garrison, wife of Grand Rapids Engineer M. F. Garrison, is at the bedside of his mother at the old home in Michigan. The aged lady is very sick.

G. S. Stormes and W. H. Bell, of Chicago, are new firemen on the Nickel Plate. They came here yesterday and will immediately take their places on the road.

Thomas Quinn, an armature winder at the electric works, will quit that line of work and engage in railroading. He has secured the promise of a position on a Fort Wayne road as a fireman.

One week from tomorrow the Nickel Plate road will run two special trains through this city, carrying the Eleventh United States infantry on its way to San Francisco from New York.

J. Spuhler, who has been working in the Pittsburg lumber yards since last fall, resigned today and will return to his old home, Decatur, Ind., to take a clerical position in a hardware store.

General Foreman William Yergens, of the Grand Trunk shops at Battle Creek, Mich., spent Sunday with his family in the city. He is awaiting warm weather to move his family to that city to live.

Trains which left Chicago Saturday night and early Sunday morning carried a coating of snow when they reached this city. There was a snow fall of four or five inches in Chicago Saturday night.

Mrs. Wichmann, wife of Machinist Adolph Wichmann, is recovering from an illness which threatened serious consequences a few days ago. There can be no doubt of her complete recovery now.

General Yardmaster W. W. Waterson, of the Nickel Plate, who has been ailing for three of four days, was compelled to knock off work yesterday and go home. He suffers from an attack of the grip.

Assistant Ticket Agent R. F. Douglas, of the Wabash, had as a guest yesterday his brother, Joseph Douglas, of Elkhart. Joe is engaged in the mercantile business at Elkhart and is enjoying a good trade.

The Fort Wayne Electric company Saturday sent a carload of dynamo machinery and apparatus to Marlboro, N. H.; a fifteen-light dynamo to Wright's Station, Ky., and a dynamo to Grand Rapids, Mich.

Freight engine 19 has been made as good as new and yesterday took her place in the service between this city and Bellevue, on the Nickel Plate Engineer J. E. Lindsey and Fireman F. W. Deister officiate in the cab.

Frank Cole, a messenger in the employ of the Pennsylvania, has returned from Upper Sandusky, where he was the guest of friends a week. He resumed work yesterday. Messenger Charles Keller is now taking a vacation.

Mr. and Mrs. S. A. Mason are now comfortably domiciled at 180 Oliver street, where they moved last week. Mr. Mason is a Pittsburg brakeman and he reported for work on that road yesterday, after an absence on account of moving.

J. L. Turnbull, a truckman employed at the Pittsburg freight house, is off duty on account of personal injuries. Saturday afternoon a box fell over, catching and pinching his legs between it and a barrel. The accident is not of a serious character.

Brakemen H. P. Dinger, F. R. Johnson and R. B. Lipes, of the Pittsburg, are off duty, the two former on account of sickness and the latter on account of an accident. Brakeman Charles Maples, who had been sick about a month, reported for work on the road this morning.

Peter Gorless is in the Lake county jail awaiting trial on the charge of breaking car door seals. The offense was committed on the Pennsylvania road at Plymouth. Patrolmen Bates and Bigelow were detailed to look up the guilty party and they located and arrested Gorless at Hobart. Gorless says he resides in Cleveland.

Engineer U. G. Rhodes and Fireman W. F. Fisher are off duty on account of sickness in their families. Engineer William Swart and Firemen F. E. Wilmore, W. L. Laughlin, G. Bowser, H. L. Kennedy and R. Fluerty are sick and Fireman M. Brockus is off duty on account of an accident. All are Pennsylvania employes.

James Southern, one of the most vigorous of the older engineers of the Pittsburg road, is undergoing a new experience and for the first time in many months he is confined to his home by sickness. He is afflicted with grip and will probably be able to resume work in a day or two. Mr. Southern has a run on trains 24 and 39 on the west end of the road.

Local Freight Conductor F. T Deahl, who was taking a lay off to look after some private business, reported for work on the Nickel Plate this morning. Brakeman A. B. Cohn, who had been sick, also resumed work today.

Engineers H. L. Reed and C. A. Barnes, who have been doing yard service at Stony Island for some months, have been transferred here to work extra in the through freight service during the unusual rush of freight business. Both formerly lived here and are well acquainted.

The freight handlers at the Pittsburg transfer house were compelled to work yesterday and last night owing to the immense accumulation of freight. They unloaded eighty-one cars and loaded sixty-two cars during the day and night and still there was all the business the force could handle today

Peru Journal: "The people of Lafayette have the idea that if they offer forty acres of ground and $200,000 they can get the Wabash shops from Fort Wayne. There is no need for the people to continue this deception to themselves. If Fort Wayne is to lose the shops, Peru is the place that will get them, and don't you forget it."

Charles Matott, a Pittsburg conductor, is hunting in the marshes in the western part of the state today One of his fellow railroaders said that Mr. Matott was an excellent hunter, but a very poor shot. Unless Mr. Matott goes to shooting at something else, the aforesaid fellow railroader says, the duck family will not be greatly depleted.

The general freight department of Pennsylvania lines located in Columbus will be moved to Pittsburg in October, where the eighth story of the Pennsylvania company's building, now in course of erection, will be occupied by them. This is the announcement made by the Columbus Dispatch, though no railway official announcement of the change has been made.

In mentioning the alleged contemplated improvements on the Muncie road, the Bluffton News prefaces its remarks with the following caption: "Good for the Streaks; Announcement is Made That the Line to Fort Wayne is to Have the Bumps Removed." There is probably not a worse piece of track hereabouts than the Muncie, yet for the ... of trains in service, no railroad in the state pays a bigger return. Passenger and freight rates are never "shaded" on that line; on the contrary, the maximum rate is always assessed.

The Indiana Road Machine works has completed one of its newly invented road making machines and is now awaiting an opportunity to give it a thorough trial. This machine digs and loads dirt upon wagons. It was minutely described in The Sentinel several months ago, when the patent became the property of the Indiana Road Machine company.

Timothy Curran, a brother of Conductor Curran, of the Wabash, died in Mercy hospital in Chicago last Saturday. The deceased was a single man and for several years had been living with his mother in Chicago Junction. The remains will be buried at Plymouth, the old home of the Currans, tomorrow. Timothy Curran was employed as a conductor on the Wabash road for ten years and was well known to Fort Wayne railway men.

The promotion of W. F. Bohling to the position of freight and passenger agent of the Lake Erie and Western at Hartford City, mentioned in The Sentinel several weeks ago, became effective today. The promotion of George E. Campbell to the position vacated by Mr. Bohling, that of local cashier, also went into effect this morning. Mr. Campbell had been assistant cashier for five or six years. Changes which resulted from these promotions and which were not heretofore mentioned in The Sentinel, are are follows, all being an advance in the ranks: A. R. Ring, assistant cashier; Bert Starkle, claim clerk; Samuel B. Kelker, night bill clerk; Lyman Griffith, day report and car service clerk, and William Stauchman, night seal clerk.

SEE WHAT YOUR FELLOW-TOWNSMAN, L. A. CENTLIVRE, HAS TO SAY.

Fort Wayne, Ind., Mar. 27, 1901.
Wright Medicine Co.,
Peru, Ind.

My Dear Sirs:—It is with pleasure I write you concerning your most valuable remedy, known as Wright's Rheumatic Remedy, the great Canadian cure.

I have been a sufferer from sciatic rheumatism in the very worst form for more than two years. I was at Mt. Clemens, Hot Springs and West Baden and found no relief whatsoever. I was entirely discouraged, as it laid me up bedfast most of the time and I could not move a limb. I had given up all hopes of recovery, when one of my employes insisted I should take your remedy. I did so, and after taking one and one-half bottles I was perfectly cured. I can walk straight and all my pains have left me and I am now in the best of health.

I cannot speak too highly of your remedies and anyone wishing to find out its merits can write me and I will be pleased to verify the above statement. Respectfully yours,
LOUIS A. CENTLIVRE,
President of the C. L. Centlivre Brewing Co.

CHINA MUST SIGN

RUSSIA ADOPTS COERCIVE METHODS.

PRESSES MANCHURIAN PACT

THREATENS TO BREAK WITH FLOWERY KINGDOM.

PRACTICALLY AN ULTIMATUM

WHY TREATY WAS NOT SIGNED LAST WEEK.

Washington, April 1.—Information has reached here to the effect that the Russian government, being seriously perturbed by the course of China in not signing the Manchurian agreement, largely because of the protest made by the several powers, has conveyed a distinct and unmistakable indication to China that if this course is persisted in there may be an interruption of diplomatic relations between Russia and China and a termination of the present intercourse between them.

This is little short of an ultimatum that China must sign or take the consequence of a termination of her friendly relations with Russia.

To what extent the United States will take cognizance of Russia's disposition to enforce the signing of the agreement has not yet been made apparent.

It appears to be the policy of the Chinese authorities to consider this as a subject which concerns the powers quite as much as it does China. The matter has become further complicated by reports reaching Washington that the Chinese authorities themselves are divided on the course to be pursued, some of the most influential, including Li Hung Chang, urging that acquiescence be given to the Russian proposals, while others are insisting on rejecting the agreement.

The attitude of Li Hung Chang is accounted for by his well-known friendliness for Russian interests. In this case, however, there appears to be arrayed against him the strong influence of the southern viceroys, Chan Chi Tung and Lia Kun Yi, who oppose the signing of the treaty.

The reports reaching here this morning showed that the agreement had not been signed.

The time within which it was to be signed expired last Tuesday, but on that day Yang Yu, the Chinese minister at St. Petersburg, fell in the legation and hurt his head, so that he was unable to transact business. This misfortune has caused much amusement here and some irritation in certain quarters, as it has been recognized as a most timely means of avoiding a direct issue on the subject.

It is not clear to what extent the Russian intimation has gone, but in any event it gives an urgency to China's course which has not been presented thus far.

WILL RESCUE EMPEROR.

London, April 1.—The correspondent of the Globe at Shanghai, in a dispatch dated Saturday, March 30, says he understands that the Yang-Tse viceroys and Yuan-Shi-Kai (the military governor of Shan-Tung) are prepared to dispatch one hundred thousand troops to Sian-Fu to rescue the emperor from the hands of the reactionaries and escort him to Pekin if a little pressure and promise of moral support is forthcoming from the powers interested in the open door.

The correspondent adds that the suggested expedition would prove popular in central and southern China, would result in the destruction of the anti-foreign elements and would lead to the establishment of a progressive government at Pekin.

EDICT OF REFUSAL.

New York, April 1.—A dispatch to the Tribune from London says:

Dispatches from Shanghai report that an imperial edict will be issued announcing the refusal of the Chinese court to refuse ratification of the Manchuria agreement.

FRESH BOXER TROUBLES.

Berlin, April 1.—A despatch to the Cologne Gazette from St. Petersburg, dated April 1, says robber bands, boxers and Chinese soldiers have been causing fresh disturbances in Manchuria, in the neighborhood of Chang-Tuh-Fu. General Kaulbars is strengthening the railroad military posts between Karbin and Chang-Tuh-Fu. General Kaulbars has asked Governor General Grodekoff to send reinforcements, as a general revival of the boxer movement is expected in the spring. The Russian garrison at Tsi-Tsi-Bar has been compelled to camp outside the town, owing to the decomposing bodies of those who were killed during the cold weather or who perished of hunger.

NO PROTEST BY BRITAIN.

London, April 1.—The foreign office here tells the Associated Press that it is quite untrue that Great Britain has protested at St. Petersburg against the Manchurian convention and it does not believe that any other power has done so.

THE OPHIR AT SUEZ.

Suez, April 1.—The steamship Ophir, bearing the duke and duchess of Cornwall and York on their trip of the world, arrived here at 10 o'clock this morning, after having been delayed by the blocking of the canal by a dredger.

INSURGENTS ARE BEATEN OFF

MEN OF SIXTH CAVALRY IN A LIVELY FIGHT.

Thirty Men of Troop C Surrounded By Two Hundred Filipinos at Malabar.

Manila, April 1.—Lieutenant Warren Dean, with thirty men of Troop C, of the Sixth cavalry, was almost surrounded at Malabar by 200 insurgents from the Sunga mountains, in Cavite province. During the ensuing action eighteen insurgents were killed and two Americans were wounded. The insurgents then retired.

No new announcements have been made concerning Aguinaldo.

INSURGENTS SURRENDER.

Manila, April 1.—Thirty men of General Cailles' command have surrendered. Of this number five were officers, including Colonels Herrern and Reloya.

A SEPARATE DEPARTMENT.

Zamboanga, Island of Mindanao, March 31.—8 p. m.—Owing to the peculiar conditions prevailing in the Sulu archipelago and the Island of Mindanao, the Philippine commissioners have about decided to organize a departmental government covering all of the islands south of the Viscayas.

A uniform general provincial law is impossible of application in the extreme southern islands on account of the necessary debarring of the Moros from self-government except in cases where they have foresworn allegiance to Dattos, the sultan, and become subjects of the United States, and for the further reason of the multiplicity of races and tribes in Mindanao and the diversity of interests. The commission will appoint a department governor having authority to negotiate with the sultan Dattos and to act as direct representative of the commission. The commission will sail tonight to the various posts in Mindanao.

JUDGES GO TO MANILA.

San Francisco, April 1.—Four recent appointees to judicial positions in the Philippines sailed for Manila today on the transport Buford. They are J. F. Cooper, of Fort Worth, Texas, and Charles A. Willard, of Minneapolis, who have been appointed justices of the supreme court (court of last resort) in the Philippines; Fletcher Ladd, of Lancaster, N. H., and W. A. Kincaide, of Galveston, who have been appointed judges of the court of first instance, a trial court with civil and criminal jurisdiction corresponding to the superior court in this state.

A series of services will be held this week at Plymouth Congregational church and sermons covering the life of our Lord in the period immediately preceding His crucifixion will be delivered. The services commence Tuesday evening, at which time Rev. J. A. P. McGaw will preach; Wednesday evening, Rev. D. T. Williams; Thursday evening, Rev. E. W. Allen, and Friday evening, Rev. J. Webster Bailey will occupy the pulpit.

The Woman's Bible meeting of Wayne street M. E. church will be held tofortow afternoon from 3 to 4 o'clock in the Sunday school room. The meeting will be followed by a session of the Ladies' Pledge society, and important business will be discussed.

A QUEER WITNESS

CAUSES A SENSATION IN THE PATRICK CASE.

MRS. FRANCIS ON THE STAND

REFUSES TO INCRIMINATE HERSELF BY ANSWERING.

FEARS DISTRICT ATTORNEY

SAYS HE HAS THREATENED TO ARREST HER.

New York, April 1.—The first witness today at the hearing of Albert T. Patrick, the lawyer charged with causing the death of William Marsh Rice last September, was Mrs. A. M. Francis, who kept the house where Patrick formerly boarded. When she had been sworn and Assistant District Attorney Osborne was about to put his first question, Mr. Moore, Patrick's lawyer, said he thought the witness ought to be cautioned against testifying to anything that might criminate herself.

Mrs. Francis testified that she had known Patrick since January, 1893. Patrick was a boarder at several places where she conducted boarding houses and boarded with her at the time of his arrest.

She was acquainted with David L. Short and Morris Meyers and Smith Potts, all of whom have figured in the case.

Patrick occupied the back parlor in her house. She herself had no stated room, she said in reply to a question by Mr. Osborne.

"When did Patrick begin to speak to you about Mr. Rice?" asked Mr. Osborne.

"I decline to answer on the advice of my lawyer," witness replied.

"On what ground?" asked Mr. Osborne.

"On the ground that it would incriminate me," Mrs. Francis answered.

Assistant District Attorney Osborne said there was no intention of implicating the witness with Patrick, but she still refused to testify.

Justice Jerome then asked the witness:

"Do you believe the answer to the question would tend to convict you of a crime? Understand, not Patrick, nor Short, nor Meyers, nor anybody but yourself."

The witness thought awhile. "I do think it would tend to incriminate me," she said.

There was some more argument and finally Justice Jerome said:

"If the witness is willing to place herself in such a position in the community as the witness does through her testimony, I don't see that I can compel her to answer. She is an intelligent woman and fully understands this question. Are you willing to stand in that light?" Justice Jerome added, turning to witness.

"I am," the witness said.

Mrs. Francis said she had known Jones since January, 190, but she refused to reply to any further questions concerning Jones on the ground that the answer might incriminate her. For the same reason she refused to say whether Patrick remained in the house all day on September 22 last year.

Mrs. Francis was too ill to appear as a witness on Friday. Today she testified that she was down to the Tombs on Saturday, where she spent several hours talking to Patrick.

"Did you discuss the case with him?"

"I did."

"What did you say?"

"Nothing of any importance at all."

It came out in the testimony that the witness had been told by a lawyer that if she said anything favorable to Patrick the district attorney would have her arrested.

Mr. Osborne then handed the witness a letter which she identified as one that she wrote him last year. It was marked and placed in evidence.

"You were not at that time afraid of incriminating yourself," he said

"I was not."

"What has made you change your mind since that time?"

"My counsel's advice, my own opinion, that it would incriminate me, and threats of the assistant district attorney—of you," she said, her eyes flashing and her head erect.

"Did I ever threaten you personally?" asked Mr. Osborne.

"No."

"Why do you believe I would have you arrested?"

"I saw in the papers on Saturday night that you were to make more arrests."

"And do you believe, after my declaration in open court, that I would arrest you, though innocent?"

"I do," she replied.

Justice Jerome interrupted her and said:

"The testimony of this witness shows that she is a woman previously held in high esteem in the community. I do not propose that she shall go out of this court room with a stigma on her name or lack of time to consider this matter. We will take a recess. During the recess, Madame, I would advise you to see some friend—not necessarily a lawyer—but some man or woman with sound business sense who can give counsel and advice."

FOREST FIRES IN NEW JERSEY.

Hammonton, N. J., April 1.—One of the most extensive forest fires that have visited this section of the state is raging in the big woods north of this city. The fire reached a point just east of the town of Winslow last night and for several hours it was feared the town would be wiped out. Men, women and children fought the flames and succeeded, by back firing, in turning the flames to the north of the town. While the men threw up trenches to keep the fire away, women and children carried their household goods to places of safety in the fields and are guarding them, as a change in the wind is feared. Several farm buildings, about 5,000 acres of big trees and thousands of cords of wood have been consumed. Many narrow escapes of fire fighters have been reported.

ATTEMPT ON CZAR'S LIFE

AN OFFICER OF HOUSEHOLD FIRES AT HIS MAJESTY.

Missed the Emperor and Then Took His Own Life—Despotic Arrests Are Being Made.

London, April 1.—A dispatch to the Morning Leader from Kieff says: It is reported that an officer of the household attempted to assassinate the czar. He fired at his majesty, but missed. He then shot himself.

LETTER CAUSES ARREST.

St. Petersburg, April 1.—The chief of the statistical bureau of the province and government of St. Petersburg, W. T. Takowenko, has been arrested in consequence of a letter of condolence which he wrote to the author, N. F. Annensky, who was injured in the recent riots. Attorney W. O. Nustig, president of the Association of St. Petersburg Lawyers, has written to the minister of the interior, M. Sipaguine, protesting against the action of the police during the riot, and many influential people have signed an address to M. Sipaguine criticising statements in the official report of the troubles.

AN EXPLOSION OF SEWER GAS

JOE PETER BADLY BURNED ABOUT THE FACE.

Noxious Vapor in the Interceptor Was Ignited by a Candle This Morning.

There was an explosion of gas in the interceptor sewer at noon today which resulted in the burning of one man but fortunately did no further damage. The victim of the accident was Joseph Peter, brother to Contractor Peter, and he was badly burned about the face, though happily no injury resulted to his eyes and he did not inhale any of the flame. He was taken to Hope hospital, where his injuries were attended to by Dr. Porter, who says that he will be able to be out again in a week or ten days.

Peter, with another workman, was passing through the sewer between Barr and Lafayette streets and was carrying a lighted candle in his hand. He detected the presence of gas by the smell and purposely carried his candle low, knowing that the gas had collected at the top of the sewer. He suddenly stumbled over some obstruction and in trying to save himself from falling threw his hand with the candle upward. Instantly there was an explosion and he was thrown to the bottom where he lay while the gas burned out above him. It was fully ten minutes before the fire died out and he was taken from his uncomfortable quarters. The other man was not injured.

OVER ONE BILLION

NEW STEEL TRUST RAISES ITS CAPITAL STOCK.

TOTAL AMOUNT $1,100,000,000

ORIGINAL ARTICLES OF INCORPORATION AMENDED.

CONFORM TO THE JERSEY LAW

EASY TO VOTE A MORTGAGE UNDER NEW CONDITIONS.

Trenton, N. J., April 1.—The United States Steel corporation this afternoon filed with the secretary of state articles amending its charter and increasing its capital stock to $1,100,000,000.

The state's fee for the filing of the papers was $220,000.

The original articles filed some time ago were only amended in one particular. This amendment was made for the purpose of taking advantage of an act passed by the recent legislature. Originally the corporation could not mortgage or pledge its real property or any of the stock of any other company except by the affirmative vote of the owners of two-thirds of the capital stock.

Under the amended charter it is necessary to have only the affirmative vote of two-thirds of the stock represented in person or by proxy at any meeting of the corporation. The reason for the change is the fear that the stock will become so scattered that it would be impossible to get two-thirds of the entire stock represented at a meeting.

ABOUT THE CITY HALL.

J. J. Auth has been granted a permit to erect a frame residence on West Fourth street to cost $1,250.

This is pay day at the city hall.

The council committee on rules, regulations and ordinances will meet tonight at the city hall to consider the ordinance recently introduced into the council for the appointment of an electrical inspector.

The board of works will meet in regular session this afternoon. No business of importance has yet been presented.

There are at present in the city one case of smallpox, five of scarlet fever and two of diphtheria. The smallpox card will be taken down this week and several other cards are almost due to be removed.

Dr. Drayer has gone to New York to be absent a month. During his absence Dr. Rhamey will discharge the duties of city bacteriologist and will do all laboratory work for the city.

The street and park semi-monthly payroll paid today was larger than any since last fall. Over $1,200 was disbursed.

A new case of scarlet fever was reported this afternoon from the corner of Masterson avenue and Barr streets, and a case of diphtheria from No. 289 West Main street.

William Hipp, representing the Massillon Fire Brick company, was a caller at the city hall today.

MISSION CLOSED.

A powerful sermon on "Temptation," delivered by Rev. Father Mulcahy last evening, closed the two weeks' series of mission services which have been held at the Cathedral, and in many respects the gatherings were the most remarkable ever held in the city. Especially notable was the attendance, for at every meeting during the two weeks the Cathedral was completely filled. At no evening during the closing week were there less than 1,400 gentlemen present. During the two weeks over 4,000 persons went to confession and received holy communion. In addition to the awakening among the Catholic people a class of fifty-five non-Catholics is now receiving instructions preparatory to entering the church.

EXHIBIT OF MOTORCYCLES.

The Thomas Motor company, of Buffalo, N. Y., which exhibited a large number of their vehicles at the recent automobile show in Chicago, will place a number of their motorcycles and other horseless carriages on exhibition at the Randall bicycle store on West Berry street a few days this week. The exhibit will be in charge of Marion Black, formerly of this city, who is now connected with the company, and will comprise every feature shown by the company in Chicago.

HOW TO HELP THE AUDITORIUM.

There are, by a more than conservative calculation, 20,000 persons in Fort Wayne who, earning wages, drawing annuities, deriving incomes or receiving allowances, can afford to subscribe for five dollars' worth of auditorium stock.

That would produce a total of $100,000, almost twice as much as is asked for to build the auditorium, but not too much to build the kind of an auditorium we ought to build while about it.

Subscriptions are payable in five installments, the second a month after the first is paid, the third a month after the second, and so on.

In order, then, to get enough to take a five-dollar subscription of stock you must pay one dollar per month, twenty-five cents per week, or four cents per day, not counting Sunday.

Start an auditorium savings bank right at home. Drop a penny in it at breakfast time. It is hard to miss a penny. Drop another in at dinner time, another at supper time, and another just before going to bed. You will accumulate enough pennies in that way to make you the owner of five shares of auditorium stock without having missed a penny of the fund or suffered from want of it.

Of course, there are hundreds who will give more than five dollars who will not resort to such a process, but will pay in a lump for their shares. But those who cannot spare five dollars or more at one time will find that the money can be accumulated with the certainty of fate without imposing a single burden or the most trifling sacrifice upon themselves.

Do not say you cannot afford to subscribe. Stock will be sold in amounts from one dollar up.

There is a chance for every man, woman and child in Fort Wayne to own a share or more of auditorium stock. How easy it all would be and how little it would burden anybody if all were united heartily in this great enterprise.

HIS INJURIES PROVE FATAL

MILLARD CROWE DIES AT ST. JOSEPH'S HOSPITAL.

Drove Into a Freight Train at Monroeville and Was Thrown Beneath the Wheels.

Millard Crowe, about 35 years of age, whose home was at Monroeville, died at St. Joseph's hospital at 5:30 o'clock this morning as the result of injuries received at Monroeville Sunday night.

Crowe, who is said to have been addicted to liquor, procured a horse and buggy at Monroeville yesterday and drove out into the country. Returning after dark he was evidently asleep in his buggy, or at least did not see a Pennsylvania freight train which was slowly passing over the crossing. Crowe drove his horse at a rapid gait directly against the train, but the animal, more careful than its driver suddenly turned as it was almost against the passing freight cars.

In whirling the shafts were broken, the buggy overturned and the driver pitched helpless beneath the wheels of the train. Crowe's right leg was cut off through the knee and his left foot was crushed to a pulp. Physicians at Monroeville gave the injured man temporary attention and Dr. C. B. Stemen was called from this city. The injured man was brought to Fort Wayne at 3:45 o'clock this morning and taken to St. Joseph's hospital, where his injuries were dressed by Dr. C. B. Stemen, Dr. A. J. Kesler, Dr. W. M. Enslen and Dr. W. E. Stemen. Crowe's enfeebled condition could not withstand the shock of the accident, however, and he died this morning.

The remains will be shipped to Monroeville for interment. He was unmarried.

DEMAND MORE WAGES.

Youngstown, Ohio, April 1.—Employes of the five blast furnaces at Sharpsville, Pa., this afternoon posted notices demanding the same scale of wages conceded by the blast furnace owners in the Mahoning valley. A general strike is threatened in the Shenango valley April 5 unless the demands are granted.

WAIT ON LOOMIS

FUTURE OF THE MINISTER IS HINGED ON HIS STORY.

UNPOPULAR IN VENEZUELA

CHARGED WITH MAKING FALSE REPORTS AND

GETTING WARSHIPS THERE

MINISTER LOOMIS TO GIVE DESIRED INFORMATION.

Washington, April 1.—The future of Minister Loomis depends upon the conference which will be held at the state department between Secretary Hay and himself when the minister reaches Washington.

Until the secretary has had an opportunity to talk freely with Mr. Loomis as to the conditions in Venezuela it cannot be known positively whether or not he will return to his post. Mr. Loomis has been the object of bitter attack by some of the Venezuelan papers, not solely because of the asphalt controversy, but also because he was charged with making false reports to his government touching the insurrectionary movement in Venezuela. The minister did inform the state department of the conditions as he saw them and of the prospects of the revolutionary movement.

The Venezuelan government could not have direct knowledge of the minister's reports, but because these were followed by the appearance of three United States warships in Venezuelan waters they came to the conclusion that the minister had reported as very menacing and serious the revolutionary movement, which the government organs were trying their best to minimize. Therefore these papers lost no opportunity of attacking Mr. Loomis in print and have succeeded in making his lot unpleasant. It is only fair to state that the Venezuelan charge here asserts positively that these attacks were made by irresponsible newspapers and that the government was not behind them and deprecated them.

If Mr. Loomis confirms this view and he cares to return to Caracas he will be permitted to do so.

It is expected that Minister Loomis will reach New York April 10, for the gunboat Scorpion was dispatched to La Guaira especially to make sure that he should connect at Kingston, Jamaica, with the regular passenger steamer coming to New York.

There is no present intention of sending the North Atlantic squadron to Venezuela, for, as above stated, the government cannot decide how this matter should be treated until Mr. Loomis has been personally consulted.

The squadron which is at Culebra Island engaged in manoeuvres is about to head north in a few days. One or two of the vessels will be sent first to Kingston, Jamaica, but the delay will be temporary and the whole squadron will soon be under way for Yorktown.

HONOR FOR A YOUNG HERO

CALVIN TITUS TO BE CADET-AT-LARGE TO WEST POINT.

President Distinguished the Lad Who Scaled the Walls at Pekin Last Summer.

Washington, April 1.—The president today appointed Calvin T. Titus to be a cadet-at-large at the United States military academy at West Point. Titus was the first soldier to scale the wall at Pekin.

Adjutant General Corbin today cabled General MacArthur, at Manila, to send young Titus home on the first available transport in order that he may take the entrance examination to the academy.

Representative Long, of Kansas, saw the president today and thanked him in the name of the Kansas delegation for the honor conferred upon General Funston in his appointment as brigadier general in the regular army. Mr. Long said the appointment, in his opinion, was fully deserved and would prove very popular with the people of the entire country.

AN ARMY SCANDAL

BIG STEAL IS DISCOVERED IN PHILIPPINES.

THE GOVERNMENT IS ROBBED

CAPTAIN BARROWS, OF THIRTIETH REGIMENT, HELD.

OTHERS ACCUSED WITH HIM

MANILA MERCHANTS SAID TO BE IMPLICATED.

Manila, April 1.—A gigantic swindle by which, it is charged, the government of the United States has been robbed of military stores valued at thousands of dollars has been unearthed in this city, and the disclosures thus far made indicate that the extent of the frauds has been more far reaching than any which have been perpetrated against the government in recent years.

Only the barest facts concerning the swindles have thus far been learned, but these are sufficient, it is claimed, to show that a systematic robbery of the government has been going on for some time.

A score of United States military officers and civilians prominent in the business life of Manila and southern Luzon are already under arrest and there is strong ground for the belief that many more arrests are in prospect.

OFFICERS UNDER FIRE.

Captain Frederick J. Barrows, of the Thirtieth Volunteer infantry, which was recruited at Fort Sheridan, Chicago, for service in the Philippines, is among those under arrest, and it is charged that he is one of the chief conspirators in the plot to loot the government. Barrows entered the service with the Thirtieth regiment as first lieutenant of company E, but that was not his first military experience. He had previously served two years in the United States navy and had also held a commission as captain in the Fifteenth Minnesota regiment of volunteers.

Barrows has been serving as quartermaster of the department of southern Luzon for some time past and it is in the commissary department under his control that the alleged frauds have been committed. Seven commissary sergeants, a number of civilian clerks, a leading government contractor, the assistant manager of the Hotel Oriente, one of the chief hotels of the city; several storekeepers, including the proprietors of three of the largest bakeries in Manila, and other persons have been arrested for complicity with Captain Barrows in the alleged swindle.

It has already been revealed that thousands of sacks of flour, a vast quantity of bacon and great quantities of other commissary supplies have been diverted from government use. These goods, all of which bore the tell-tale government marks, have been found in the possession of persons who could in no possible manner have acquired legal possession of them. The investigation is being pushed forward with all speed by Lieutenant Philip K. Sweet, of the Fifty-sixth volunteer regiment, to whom the task has been assigned, and it is confidently predicted that great quantities of stolen stores will be unearthed. Colonel Wilder, the chief of police, has general charge of the investigation.

The government contractor who is now under arrest has been doing a business of more than $100,000 a month, it is stated, and it is considered significant that he has spent large sums in entertaining the military officers in the department of southern Luzon. The prodigality of the contractor has been a matter of general comment in official and business circles in this city for months past, but not until the revelations of the alleged swindle became known was there a suspicion that he was connected with any plot against the government from which he was reaping so large a legitimate fortune.

PLOT LONG UNDISCOVERED.

The investigations already made show that the swindle has been carried on since June, 1900, and an inspection of the books prior to that time is expected to develop further looting. New scandals are coming to light daily, and it is possible that arrests may total 100 before Lieutenant Sweet is willing to admit that he has all the conspirators jailed.

Just how the goods were stolen has not yet been made clear, but it is flatly declared that there is a great shortage in the commissary depot. It is the theory of those who are probing into the scandal that the goods were stolen while in transit.

There is an exorbitant tariff on provisions in Luzon and this tariff makes the theft and surreptitious sale of commissary supplies a business of immense profit.

LOSS TO GOVERNMENT IS BIG.

A military official who is close to those charged with the investigation of the alleged frauds stated yesterday that he believed when all the facts in the case were known it would be found that the government had been robbed of a vast sum.

"Conditions here are most favorable to the carrying out of such a plot as that which has apparently been unearthed," said he. "Of course, there must be collusion between the representatives of the government and those who are to do the direct trafficking in the goods after they are delivered, but such collusion could be attained without exciting public suspicion. From the investigation already made I am confident that it will be found that the conspiracy dates further back than last June."

OTHER OFFICIALS SUSPECTED.

"There is good ground, too, for the belief that other officers high in the department are involved with Captain Barrows. One prominent commissary officer in particular is under suspicion. His manner in life for some time back has caused comment to his fellow officers. It may transpire, of course, that he is innocent of any complicity with this plot, but at present he is under grave suspicion.

"It is unfortunate that such a scandal should be bared in the Philippines so soon after the revelations of official dishonesty in Cuba, and I fear that when all the truth is known the postal swindles of Neely and Rathbone will seem small and insignificant in comparison."

M'ARTHUR ASKED FOR FACTS.

Washington, April 1.—No report has been received at the war department from General MacArthur concerning the alleged frauds in the disposition of government supplies in the Philippines. He has, however, been advised that such a publication has been made in the United States and requested to send the facts.

AN EARTHQUAKE IN TURKEY

PALACE OF THE SULTAN WAS SEVERELY ROCKED.

Falling Plaster Causes a Panic, But the Sultan's Composure Had a Quieting Effect.

Constantinople, April 1. Yesterday's earthquake was felt in the Dolmabagtsich palace at the moment of the firman ceremony, when the high officials were passing before the sultan's throne. A panic resulted, particularly among the diplomatists in the gallery, many of whom immediately left the palace.

The band ceased playing and the musicians rushed to the doors.

Pieces of plaster fell from the ceiling and portions of the chandeliers were broken, adding to the general alarm.

The sultan rose from his throne and took a few steps, apparently intending to leave the chamber, but he preserved great calmness and presence of mind, which had a good effect. After a moment's hesitation his majesty resumed himself upon the throne and ordered the ceremony to proceed.

A reception followed without further incident.

HOLY WEEK SERVICES.

Holy week will be appropriately observed in the Catholic, Lutheran, Episcopal and Reformed churches of the city and special exercises for the period will take place. In the Catholic churches there will be services on Wednesday, Thursday and Friday evenings, on Thursday morning and on Friday morning and afternoon. The Passion will be recited on Tuesday and Thursday, and it will be the main feature on Friday. On Friday afternoon the service will consist of the stations of the cross and in the evening the closing Lenten sermon will be preached. The blessing of the Easter water will take place Saturday morning. Priests from all parts of the diocese will be here, and on Wednesday and Thursday evenings will sing the tenebrae. The blessing of the holy oils takes place on Thursday and is followed by a procession of the blessed sacrament. The oils are distributed among the priests and are used for the administering of the sacrament during the year. In the Lutheran churches there will be special services Tuesday, Wednesday, Thursday and Friday evenings and a morning service Good Friday. Yesterday was Palm Sunday and the blessing of the palms and the reciting of the Passion took place in the Catholic churches.

ARE ON A STRIKE

PAINTERS AND PAPER HANGERS GO OUT TODAY.

WAGE QUESTION IS AT ISSUE

MEN WANT UNION SHOPS AND UNIFORM SCALE.

WORK PRACTICALLY TIED UP

HOPE FOR AN AMICABLE ADJUSTMENT SOON.

The Painters' and Decorators' union this morning inaugurated a strike, and about seventy men, members of that organization, are out. Notice of the strike was given out to the various shops in the city on Saturday night, and when the stores opened this morning only a very few non-union men appeared, and the majority of these quit today in sympathy with their striking fellow workmen.

Several weeks ago the workmen made a demand on the employers that a universal scale be adopted and that all the shops of the city be unionized. A number of employers signed the scale, but the majority of masters, who do not employ men, but do their own work, did not do so. The wages paid to the members of the union differ in various shops, ranging from 20 to 25 cents per hour to paper hangers in different stores, while a rate of 20 cents per hour prevails for the painters. The men ask 30 cents an hour for the former and 27 cents for the latter, the rate to prevail in every shop in the city.

A meeting of the strikers was held in their hall at 62 Clinton street this morning, and the situation was discussed at length, but nothing definite was done. The men say they are determined to bring the matter to a head and that they will stand by each other until a satisfactory settlement is reached.

A meeting of the employers has been called for tomorrow evening, at which time an effort will be made to form an association to include every master in the city, of which there are about sixty-eight. This, however, promises to be a rather difficult matter, as a large number of the masters do not employ men and they will not be materially affected by the strike. There is every reason to believe, however, that an amicable agreement will be reached very soon and that all differences will be adjusted.

KICK ON GAS METERS.

[Anderson Herald.]

The big guns of the Fort Wayne Gas company, including Mr. Paul, of Fort Wayne, who were in the city looking over the pipe lines, had a conference with the directors of the Citizens' Gas company and made known their demands for the next year. They ask that the company put in gas meters and the people to pay for the gas by the foot and also that a contract with the company be made for only one year. In consideration of their wants the men stated that the Fort Wayne people would put in a $130,000 pumping station and see that the people were supplied with plenty of gas the next winter. The directors flatly refused to hear to any such a demand. They are decidedly opposed to the meters as well as are the people of the city unless the Fort Wayne people furnish them. The directors of the gas company want a contract under the terms of the last year for ten years. The Fort Wayne people will be back here on April 10 and the matter will come up again.

THINKS WAR IMPOSSIBLE.

New York, April 1.—A dispatch to the Herald from San Juan, P. R., says: The Venezuelan consul here thinks war between the United States and Venezuela is impossible, as President Castor will make concessions. He says, however, that it is probable that Generals Andrade and Pietri will take advantage of the recalling of Minister Loomis to start a rebellion. Advices that came by the steamer Philadelphia were that it would be impossible to avert rebellion.

PUDDLERS' WAGES RAISED.

Pottstown, Pa., April 1.—The puddlers in the employ of the Glasgow Iron company have been notified that beginning next Saturday their rate of wages will be $3.25 a ton instead of $3, as heretofore. The wages of other employes will also be increased. The eleven-inch plate mill of the company's plant, which has long been idle, resumed operations today.

GET PAY FOR DRILLING.

In accordance with a new state law, which went into effect today, the members of battery B, as well as those of the infantry companies in Fort Wayne, will receive compensation from the state treasury for the time spent in drilling. Under the new law there must be at least one drill night each week and three days annually at a rifle range for target practice. For the drill nights the men are to receive from twenty to fifty cents each, and for the time at the rifle range the compensation is from $1 to $1.30 per day.

PRESIDENT OF SHOOTING BUND.

San Francisco, April 1—Capt. F. A. Kuhls has been elected president of the National Shooting Bund of America, to succeed Captain Attinger, who has resigned on account of ill health.

DEATH'S RECORD OF THE DAY

AUGUST FRITZ EXPIRES AT ST. JOSEPH'S HOSPITAL.

Hayden Cherry Succumbs to Tuberculosis—Mrs. Lehmeyer Dies Suddenly—The Funerals.

August Fritz, eighteen years of age, died at St. Joseph's hospital at 7 o'clock Sunday morning from pyemia, after an illness of four weeks. He was the son of Mr. and Mrs. Michael Fritz, of Lake township, and besides the parents the surviving relatives include several brothers and sisters.

Funeral services will be held Tuesday morning at 10 o'clock from St. John's Lutheran church in Lake township, Rev. Myers officiating. Interment at Eel River cemetery.

LEHMEYER.

Mrs. Dorothea Lehmeyer died at 11:30 o'clock Saturday night at the home of her son-in-law, Professor Miller, principal of St. Martin's Lutheran school, in Adams township. Mrs. Lehmeyer was 82 years of age and her death was due to apoplexy, with which she was stricken soon after retiring Saturday night. She had made no complaint of illness during the day.

Mrs. Lehmeyer was a native of Bavaria, Germany, but came to America at an early age, and for many years resided in Chicago, where her husband died twenty-seven years ago. Since that time she has made her home with her daughter in Adams township. There are two children—Mrs. Miller and Mrs. Caroline Lindoerfer, of Cape Girardeau, Ohio.

Funeral services will be held Wednesday afternoon at 2 o'clock from the residence and at 2:15 from St. Martin's Lutheran church, Rev. Stock officiating.

CHERRY.

Hayden Cherry, 25 years of age, died at 1:30 o'clock this morning at the home of his parents, Mr. and Mrs. William H. Cherry, of 138 Lewis street, after an extended illness from tuberculosis.

Mr. Cherry was a widely known and very popular young man and until failing health compelled him to relinquish business duties was employed as a stenographer in the Pennsylvania offices. In addition to the bereaved parents, the surviving relatives include three brothers and four sisters.

LEHMAN.

Ida Lehman, infant daughter of Mr. and Mrs. Frederick Lehman, of 103 Gay street, died at 3 o'clock Sunday morning.

Funeral services were held from the residence this afternoon.

KRUM.

The infant child of Mr. and Mrs. J. Krum, of 110 Lafayette street, died Sunday morning from spasms, at the age of seven months.

Funeral services will be held from the residence Tuesday afternoon at 1 o'clock.

KORTE.

Waldemar Korte, infant son of Mr. and Mrs. Frederick Korte, died Saturday afternoon from exhaustion, at the family home, 74 Walnut street.

Funeral services were held from the residence this afternoon, Rev. Wambsganss officiating.

WALKER.

Effie Walker, an inmate of the Indiana school for feeble minded youth, died Saturday at that institution from pulmonary tuberculosis. Her age was seventeen years, nine months and twenty-four days.

FUNERAL ANNOUNCEMENTS.

Dinklage.—Funeral services of Mrs. Margaret Dinklage will be held Tuesday morning at 8:30 from the residence, 347 East Washington street, and at 9 o'clock from St. Mary's Catholic church.

The deacons of Plymouth Congregational church will hold a meeting on Tuesday evening.

PURE BLOOD

Necessary to Life. Vinol Makes it.

POOR BLOOD CAUSES ERUPTIONS AND WEAKNESS.

Vinol Makes Pure, Rich, Red Blood.

BECAUSE WE KNOWN THIS WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of internal disorders. We see every day too many people whose faces plainly show that there is something radically wrong.

We want all of our fellow-citizens to know of our splendid blood purifier and blood maker.

We refer to Vinol.

Vinol, as we have before stated, is a purely scientific preparation.

Vinol owes its virtue to the fact that it contains in a highly concentraced state the active curative principles, taken from the livers of live cods—the same elements that formerly were found in cod-liver oil, and which made it famous.

Vinol does not contain the grease or fat that characterized cod-liver oil and made it in many cases worthless.

Vinol acts upon every one of the great vital organs, and by invigorating and giving them strength, enables them to properly perform their functions.

Vinol's effect on the stomach is marvelous. It tones up this, the greatest of the organs of the body, and enables it to obtain from the food which is taken into it the necessary elements to create flesh and muscle tissue, bone structure and pure, rich, red blood.

We are in receipt of a letter from a Sevation Army woman which reads as follows:

"I took Vinol after a bad attack of grippe, and so much good did it do me that I persuaded my sister to take it. She was all tired out. Had no appetite and her blood was very poor. It did her as much good as it did me."—BETSY HABERSHAW, 718 River St., Fall River, Mass.

Won't you please come in and see us? We are always glad to extol the merits of Vinol.

We will give you back your money if you don't find Vinol will do all we claim it will. Could any one do more for you?

WILL SOON RESUME SERVICE.

Chicago, April 1.—Board of trade market quotations, under the recent agreement between the board and the telegraph companies, were available to the companies today, but not until April 15, if then, will the old order of things be fully re-established, owing to the immense amount of construction work, and the necessity of an examination of all contracts by the board of trade quotation committee.

IN JUSTICES' COURTS.

Fred Blaising, of Woodburn, who was arrested Saturday for violating the liquor law, entered a plea of guilty in Huser's court and was fined $10 and costs, which he paid.

An affidavit was this morning filed against Daniel Rehm, charging him with assault and battery on Homer Campbell. The assault was committed last Saturday.

A BAD NEWSPAPER MAN.

New York, April 1.—Ross Raymond, alias James E. Sandys, a former newspaper man, who pleaded guilty last week of getting $200 fraudulently from Henry E. Clarke, paying teller of the Lincoln National bank, on January 26 last, was sentenced to four years in prison today.

DEMOCRATIC PRIMARY ELECTION.

To the Democrats of Fort Wayne:

The election of delegates to the democratic city convention will take place Tuesday, April 2nd from 4 o'clock to 7:30 o'clock p. m.; at the primaries there wil also be nominated by direct vote two candidates for councilmen for each ward.

The delegates elected at the primary will meet in the assembly room, court house, on April 3rd, 1901, at 7:30 o'clock p. m., and nominate a candidate for mayor and city clerk. The number of delegates shall be proportioned at the ratio of two delgates for every 100 votes and one for every 50 votes and fraction over 25 votes cast at the last city election for Henry P. Scherer, mayor, and shall therefore be according to this division as follows:

Wards.	Delegates.
First	10
Second	10
Third	9
Fourth	12
Fifth	10
Sixth	11
Seventh	8
Eighth	13
Ninth	9
Tenth	10
Total number of delegates	102

The election of delegates shall be held at the following places:

FIRST WARD.

All north of Washington street at Albanus Brothers' Carriage Works.

All south of Washington street at 117 Hanna street, Tapp building.

SECOND WARD.

All north of Washington street at 24 Barr street, Burkhart shoe shop.

All south of Washington street at 154 Barr street, Lauer's barber shop.

THIRD WARD.

All north of Pittsburg railroad at Meyers' livery barn, (Washington boulevard).

All south of Pittsburg railroad at 289 South Harison street.

FOURTH WARD.

All north of Wayne street at Liebman's carpenter shop, Pearl and Ewing.

All that part south of Wayne street and north of Pittsburg railroad at Hilgeman's grocery.

All south of Pittsburg railroad at 80 Fairfield avenue.

FIFTH WARD.

All west of St. Mary's river at 385 West Main street.

All east of St. Mary's river at Rippe's livery barn on Broadway.

SIXTH WARD.

All north of Wabash railroad at 352½ Broadway.

All of the Sixth ward south of Butler and east of Fairfield avenue at Rhinehart's grocery, Calhoun street.

All south of Poplar street and Wabash railroad, west of Fairfield avenue and east of river at South Wayne Town hall.

All north of Maumee road at 385 East Wayne street.

NINTH WARD.

All north of Third street at 112 Wells street.

All south of Third street at Brink's drug store.

TENTH WARD.

All west of Smith street at southeast corner of Force and Buchanan streets.

All east of Smith street at northeast corner of Thomas and Buchanan streets.

The vote shall be by uniform ballot to be furnished under the direction of the city central committee. There shall be two ballots for each ward, one to contain the names of delegates and the other the names of all candidates for councilmen. The name of the candidate who is represented by delegates must be printed in large letters above the names of his delegates.

The ticket for delegates must be printed on white paper, those of the councilmen on red paper.

The voter will vote for two councilmen on one ballot and express his choice by lead-pencil cross in front of the names of those voted for. If there is no objection to any of the delegates, the entire number can be voted for, without marking the ticket; if otherwise a lead-pencil cross must be placed in front of the name of each delegate voted for. Any person desiring to vote for any delegate whose name does not appear on the ticket, can do so by writing his name on the ticket and scratching out the name of the one voted for.

If there are only the names of two candidates for councilmen on one ticket and the entire ticket is voted without pencil mark then both names will be counted as voted for.

Two city central committeemen will also be elected at the election, and the names to be voted for must be printed or written upon the ballots of councilmen.

The result of the election must be immediately reported to the city central comittee.

All delegates elected must meet at assembly room in court house, Wednesday, April 3 at 7:30 p. m., to make nominations.

By order of the democratic city central committee.

W. H. SHAMBAUGH, Chairman.

AMERICAN BRAINS.

Brain Workers Require Special Food.

American brain workers have for some years past been largely using an especially prepared food for rebuilding the gray matter of brain and nerve centers. Any man or woman who cares to make a test by using this food, Grape-Nuts, for a portion of one or two meals each day will find a distinct increase in vigor and particularly in brain power.

Then if they feel disposed to know the reason why, they can have Grape-Nuts analyzed, or take the analysis of the London Lancet, and the result will show that the food contains the natural phosphate of potash, obtained in a natural way from the cereals, and albumen, obtained in the same way.

These two elements unite together in the human body to make and rebuild the gray matter of which the brain, solar plexus and nerve centers are filled.

These are scientific facts which can be ascertained by any careful investigator. The food, Grape-Nuts, is not only the most scientifically made food in the world, but almost any user will agree with us that the flavor is unique and most winning.

WEEK'S CLUB EVENTS.

The meeting of the Fortnightly club, previously announced to take place this evening, has been necessarily postponed.

The Women's Reading club meets Tuesday afternoon with Mrs. Sam Fisher. Letters will be read by Mrs. Wall and Mrs. Johnson.

THE TRADES COUNCIL FAIR.

The directors of the various bands will meet at Fred J. Reineke's office this evening to arrange for and divide the work at the coming Trades Council fair. The bands have agreed to donate their services and will furnish the musical end of the entertainment without charge. The decorating committee is busy with its arrangements but will not commence the actual work of decorating until after Easter Monday night. One of the features will be the display of the banners and flags of all the unions represented in the council. The fair will commence one week from Wednesday night and will be the most pretentious exposition ever attempted in this city. The proceeds will be devoted to paying the expenses of an appropriate observance of Labor day next fall. Merchants are taking an active interest in the affair. There will be a parade on the opening night.

The problem of what to do with Aguinaldo might be easily solved by turning him loose and waiting to see what he is disposed to do with himself.

The czar may escape assassination, but there must be mighty little fun in the life he obliged to lead. Peace of mind would be purchased cheap even at the price of giving the people of Russia a constitutional government.

Mr. Labouchere makes life a burden for the jingoes by estimating the full cost of conquest in South Africa at $500,000 for each fighting Boer. While these figures are not vouched for it is certain that it would have been a great saving for England to have given each Boer an independent fortune as the price of turning over his country to Cecil Rhodes.

The masses of the democratic party in Fort Wayne are as good citizens as are found in any other political party. They have at heart as closely as any others the welfare of the city, the preservation of its good name and the enforcement of its laws. They are the power in the democratic party and those whom the party elevates to power will not dare to betray their trust if the party itself will stand guard over the city. The party cannot be strong unless it commands the public confidence, and that can be accomplished only by standing for good government.

The Filipinos have had a rather too early lesson in the fact that occasionally an American appreciates the beauties of a graft as readily as a Spaniard. If the reports of wholesale frauds in the Philippines are true, the government cannot make too much haste to punish the offenders. The Filipinos have a bad taste in their mouths that remains from centuries of Spanish corruption. In the present case it is the government that has been robbed instead of the people over there. Nevertheless, it will make an impression not calculated to render the confidence of the Filipinos more easy to cultivate. Added to the Cuban frauds, the frauds in the Philippines make a heavy burden for the government to carry.

Doubtless a course of schooling at West Point is of importance to officers in the army, but it cannot make great soldiers of men without military genius. Half a life spent at West Point could give no man the dash, courage and fertility of resource that General Fred Funston on so many occasions has displayed. So there is wisdom in giving him a high commission in the regular army. It will keep him in the military service of the United States and he will be at hand, a better soldier and officer at any time than ever before, whenever and wherever needed. Performance is quite as important as seniority and West Point schooling when the need for great deeds has arisen. Napoleon made field marshals of all kinds of men who showed they were of the stuff of which great captains are made.

It is announced that President McKinley will take early occasion to restore Col. Russell B. Harrison to his rank in the volunteer army from which he was summarily removed some months ago. This will be done, it is stated, in order to remove any suggestion of blot on the military record of the Harrison family. The late President Harrison felt keenly the dismissal of his son from the army and after the death of the great Indianian there was made public a letter to a friend written before the general was seized of his mortal illness, in which he announced his determination to proceed for an inquiry to clear up Colonel Harrison's record. It seems there was no charge against Colonel Harrison that could be regarded as serious, the worst said of him being that he wanted tact. That probably is true. Colonel Harrison has often shown a want of tact, and especially did he during the presidential administration of his father. But that was altogether insufficient ground for dismissing him from the army in a manner almost amounting to disgrace. Colonel Harrison's military record is believed by his friends to be entirely creditable and it is not strange that the late general was greatly distressed and irritated by the cloud that had been placed upon the soldierly distinction of the family. The president's proposed action will, if taken, elicit the general approval of the country.

SPARE THE CITY.

Fort Wayne should be spared the long train of evils that will grow out of a prolonged and stubborn contest over the validity of those new charter amendments relating to the police judgeship, and the police, fire and health departments. A contest over the constitutionality of the recent charter legislature may take one of two forms. The democratic branch of the city government may oppose operation of the new law from time to time as separate points arise, encountering the stubborn insistence of the state branch of the administration, thus carrying the fight to an almost interminable length. On the other hand the two branches of the city government may co-operate in an amicable suit to have the constitutional status of the amendments settled without a bushwhacking fight in the lower courts.

If at the earliest practicable time a suit embodying all the mooted points of the new amendments shall be made up by the democrats and republicans it can be hurried through the lower courts, carried to the supreme court and speedily advanced to a decision. Whatever the supreme court shall declare will be final and all elements will be obliged to acquiesce in the dictum of the highest tribunal in the state. With the validity of the charter acts decisively established the new arrangement will be speedily and indisputably installed in authority and friction will cease. There will be no ground of antagonism and no recourse from what the supreme court shall have declared to be the law, just as on the other hand the old order will be maintained without question if the supreme court pronounces the charter acts invalid.

Neither party will suffer in its dignity or its prestige by co-operating to have these vital matters determined as speedily as possible. It will spare the city the turmoil and evil of a long and bitter fight for control of the branches of city government affected by the new charter legislation. No objection can be urged by either democrats or republicans to this course. It is the way of peace, order and the law.

A PECULIAR CASE SETTLED

FRED REIMAN APPEARS AFTER A LONG ABSENCE.

Wife's Suit for Support Dismissed and the Couple Are Reunited—Court News.

The case of Emily Reiman vs. Frederick Reiman was dismissed in the superior court this morning. The case was a rather peculiar one. Reiman disappeared from the city about six years ago and from the day of his disappearance until a week or two ago nothing was heard of him. His wife believing that he had deserted her or was dead commenced suit for support in order to get a decree to sell certain property. Within two weeks after the commencement of the proceedings Reiman appeared. He met his wife, a reconciliation was effected, he secured a job and went to work this morning, taking time, however, to come into court, pay the costs and have the suit dismissed.

ABOUT THE COURT HOUSE.

Catherine Branstratter has filed an action against Andrew D. Branstratter to set aside partition deeds and quiet title.

F. J. Poirson, administrator of the estate of Peter F. Poirson, has commenced action to secure the appointment of a commissioner to sell real estate.

The county commissioners are in session today considering liquor licenses. There are sixteen applications and no remonstrances, so it is likely all will be granted.

The superior court convened for the April term this morning. The jury has not yet been ordered.

Both courts were in session this morning, but little business was done owing to the absence of most officials, who attended the funeral of Mrs. John Bolot.

Fred Daseler, after an absence of three weeks, occasioned by sickness, resumed his duties as deputy sheriff of the superior court this morning.

M. F. Schmetzger today qualified as administrator of the estate of Isabe S. Schmetzger.

Judge Aiken this morning heard the evidence in the divorce case of Hanchett vs. Hanchett. Judgment was withheld.

This afternoon Anna C. Garman was divorced from Delbert A. Garman. Plaintiff was also awarded $500 alimony, the custody of a minor child and $5 per month for its support for a period of ten years. The child is but 8 months old.

Deputy Sheriff Young this morning found a handsome Masonic charm which awaits a claimant.

SOCIAL DEMOCRATS.

The social democracy of the city held a meeting in the Elektron building yesterday afternoon, which was fairly well attended. The party is actively engaged in the city campaign and an enthusiastic member said they were sure of electing one, if not more councilmen. For their candidates for mayor and city clerk they are not so sanguine, but they pin a heap of faith to a councilman or two, although they do not yet specify which ward they expect to elect him from. This will be decided after the democratic primary tomorrow.

A STRIKE IS AVOIDED.

Cleveland, April 1.—It now seems probable that the threatened strike of the carpenters in this city will not take place. It is stated that fully half of the contractors have agreed to pay the increase demanded and it is thought the remainder will do likewise shortly. The Building Laborers' union also demanded an advance today of 25 cents, or $2 per day. The employers, it is said, have generally conceded the increase.

To Whom This May Concern:

I have been a sufferer from rheumatism for over twenty years. I have tried everything almost that I could find and found no relief. About two months ago Mr. George Godfrey told me to take Wright's Rheumatic Remedy and it would surely cure me. I tried it and am now on my third bottle and find it has cured me. I cannot recommend your remedy—Wright's Rheumatic Remedy—too highly, and I wish to say to my friends, if you are suffering from rheumatism or kidney trouble, by all means use it.

I have lived in Fort Wayne since 1859 and am now clerking in Lehman's clothing house. I again say, if you have rheumatism, use Wright's Rheumatic Remedy.

HIS DEATH HEROIC

LIEUTENANT COMMANDER ROPER LOSES LIFE.

DIED TRYING TO SAVE OTHERS

BRAVE OFFICER COMMANDED GUNBOAT PETREL.

A FIRE IN HER SAILROOM

ROPER TRIED TO RESCUE MEN FROM SUFFOCATION.

Manila, April 1.—The little gunboat Petrel, one of Dewey's famous Manila bay conquerors, caught fire at 7 o'clock yesterday morning at Cavite, causing the death of Lieutenant Commander Jesse Mims Roper and the prostration of twenty-two officers and men.

The fire was discovered in the sailroom, a small compartment adjoining the magazine. The heat was intense, the smoke suffocating and the flames difficult to extinguish. Lieutenant Commander Roper was the first to descend into the hold, but he was forced to return to the deck. Others then went down. Seaman Patrick Toner was prostrated and about to perish when Lieutenant Commander Roper endeavored to rescue him and was suffocated in the attempt.

BODY RECOVERED.

Both Lieutenant Joshua McKean and Cadet Lewis suffered severely in bringing the body of Lieutenant Commander Roper to the deck.

Twenty-two members of the crew were prostrated. Toner, Evans, Flaherty, Larsen, Kessler, Cahey, Burton, Smith, Sullivan and Forshaw suffered seriously, but all will recover. The contents of the sailroom were destroyed, but the damage to the gunboat was slight. The origin of the fire has not been ascertained, possibly it was a case of spontaneous combustion.

The death of Lieutenant Commander Roper is greatly deplored. His body will be sent to the United States April 5 by the troopship Buffalo, which will sail by way of the Mediterranean.

REMEY TELLS OF THE DISASTER

Washington, April 1.—Navy department advices are that Commander Roper met his death in essaying a rescue in the face of urgent advice that he was taking a useless and almost foolhardy risk. Though visibly suffering from the exertion and smoke he started down once more into the burning sailroom of the Petrel despite the remonstrances of his fellow officers. He was overcome and forty-five minutes later expired without having regained consciousness.

The following is Admiral Remey's cable dispatch to Secretary Long:

"Cavite, March 31.—Fire discovered sailroom Petrel 7 this morning, Roper commanding. After going below once, went again against advice. Attempted recover men below. He suffocated; died at 7:45. Twenty-two other officers and men entirely prostrated. All recovering. Fire out. Damage immaterial. Send Roper's remains by Buffalo.

"Remey."

The department at once sent a telegram to H. F. Fay, the brother-in-law of Lieutenant Commander Roper, at 73 Monmouth street, Longwood, Mass., asking that he inform Mrs. Roper of the news. The following expression of sympathy and appreciation is also made:

"With this sad news the department sends to Mrs. Roper deep sympathy in the great loss she has sustained and the highest appreciation of the gallantry and self-sacrifice with which Lieutenant Commander Roper gave his life for his fellowmen. It was a hero's death."

Lieutenant Commander Roper was a native of Missouri. He entered the naval service June 25, 1868, and on March 3, 1899, was commissioned to the rank held by him at the time of his death.

GALLANT WORK UNDER DEWEY

On that memorable morning when Montojo's fleet was crushed by Dewey's squadron the Petrel, in spite of her diminutive size, took such a prominent part that the whole world rang with praise for the ship and her gallant commander. She engaged the Spanish ships close to the shore, where other warships could not go on account of their draft. She steamed boldly up to the frowning batteries of Cavite and silenced the heavy Hontorias with her six-inch guns. For this daring and successful exploit Commander Wood was advanced ten numbers in his grade and his superior officer gave him unstinted commendation. All this redounded to the credit of the Petrel, which, always a favorite, now became the pet of the navy. No tar has seemed it a degradation to serve on her, and the bluejackets have on more than one occasion resented what they considered an insult to their ship.

PETREL'S CAREER IN NAVY.

The Petrel slipped into the salt water in 1888 at Baltimore, and performed active service for three years on the Atlantic coast. She was a successful vessel from the start, from an economical standpoint. Her registered displacement is 890 tons, her length 176 feet 3 inches and breadth 31 feet. Compared with the Concord she is about half the latter's size.

The Petrel carries no big guns, of course, but she has a powerful battery for a baby cruiser. Four six-inch guns in sponsons defend her against enemies of her size and two three-pound rapid-fire cannon and five magazine guns are placed so as to pour shot into torpedo boats and boarding parties.

The Petrel is speedy too. She proved this in a race across the Pacific to San Francisco. Her competitor was a staunch cruiser of the American navy, and one with a higher rating for speed. But the machinery of the little gunboat was as good as the day it was first installed, and with a forced draft she was able to make a speed of thirteen knots. When she arrived at the Golden Gate she received a royal welcome, and any man who wore "Petrel" on his cap could have had anything he wanted.

BRAIN FOOD

Is of Little Benefit Unless It is Digested.

Nearly everyone will admit that as a nation we eat too much meat and too little of vegetables and the grains.

For business men, office men and clerks, and, in fact, everyone engaged in sedentary or indoor occupations, grains, milk and vegetables are much more healthful.

Only men engaged in a severe outdoor manual labor can live on a heavy meat diet and continue in health.

As a general rule, meat once a day is sufficient for all classes of men, women and children, and grains, fruits and vegetables should constitute the bulk of food eaten.

But many of the most nutritious foods are difficult of digestion and it is of no use to advise brain workers to eat largely of grains and vegetables where the digestion is too weak to assimilate them properly.

It is always best to get the best results from our food that some simple and harmless digestive should be taken after meals to assist the relaxed digestive organs, and several years' experience have proven Stuart's Dyspepsia Tablets to be a very safe, pleasant and effective digestive and a remedy which may be taken daily with the best results.

Stuart's Dyspepsia Tablets can hardly be called a patent medicine, as they do not act on the bowels nor any particular organ, but only on the food eaten. They supply what weak stomachs lack, pepsin diastase, and by stimulating the gastric glands increase the natural secretion of hydrochloric acid.

People who make a daily practice of taking one or two of Stuart's Dyspepsia Tablets after each meal are sure to have perfect digestion, which means perfect health.

There is no danger of forming an injurious habit, as the tablets contain absolutely nothing but natural digestives; cocaine, morphine and similar drugs have no place in a stomach medicine and Stuart's Dyspepsia Tablets are certainly the best known and most popular of all stomach remedies.

Ask your druggist for a fifty cent package of Stuart's Dyspepsia Tablets and after a week's use note the improvement in health, appetite and nervous energy.

Old Nottingham is the richest town in England. It has established the only university college maintained by the municipality.

BOYS ARE HEAVILY FINED

THREE YOUNG MEN ARE GIVEN LIMIT BY MAYOR.

Made Disgraceful Show of Themselves While Drunk on Street Sunday—Police Notes.

It was no April fool joke to the fellows who ranged themselves in front of the mayor's desk this morning and accepted fines ranging from $1 to $25. Of the latter brand there were three who got their jags on Sunday and consequently had to pay a higher rate. They were Harry Woodward, Harry Knoulph and Charles Boehm. The first two have never been in trouble before, but yesterday got into bad company and with Boehm proceeded to get drunk and do things. They were very wild and obstreperous and created quite a show on Calhoun street. Boehm is a young man, but an old timer. He has served a term in the penitentiary and has been arrested before since being discharged from custody. His father stayed the docket for him and he was released. Woodworth's father stayed the docket for him and young Knoulph, who is the son of a poor widow who earns a livelihood by hard labor. The mayor in assessing the limit said to the Woodward and Knoulph lads that he was sorry that he felt it incumbent to be so severe, but added that he hoped it would be a lesson to them to keep out of bad company and assured them that if they ever got into a similar scrape on the Sabbath he would send them over for as long a period as the law would allow and would assess a fine besides.

Louis Niel, an old man, was overcome by the effects of too much booze on Saturday and fell helpless on the street. He was fined $1 and costs, which was paid by his employer.

Charles White, a tailor who worked in town only a week, got full Saturday night and was arrested. This morning the mayor taxed him $1 and costs. After court adjourned he made a hot talk to the mayor and succeeded in having his sentence suspended during good behavior. He says he has reformed for good.

Henry Brent was up on the same old charge. The mayor told him that he guessed that about twenty-one days in jail would do him a heap of good and Henry did not kick.

POLICE NOTES.

S. H. Matthews, the evangelist holding forth at the West Main street mission, filed an affidavit against William Walters for disturbing a religious meeting. The disturbance occurred last Friday evening. A warrant was issued for Walters' arrest.

One of the results of the Sunday drunk of Boehm, Woodward and Knoulph has been the filing of two affidavits against Doolittle, the Calhoun street saloonkeeper. He is charged with selling liquor on Sunday and with selling to minors. His place is where the boys say they got their load and as their actions were so exceedingly disgraceful the officers decided to put the blocks to Mr. Doolittle proper.

A twenty-two-inch Rambler bicycle, No. 73609, red fork tube and seat post, was stolen from the front of the Western Union office yesterday afternoon. Colonel Perry is having an unusual run of hard luck with his bicycles lately. Hartman Bros. report the loss of a bicycle taken from in front of their store. They think perhaps it was an April fool joke.

A man named Keck came to town from Cedarville on Saturday and at night reported that his horse and vehicle had been stolen. The police looked the matter up and found that Keck had had a severe tussle with the Centlivre buck and that while he was off duty some of his country friends and relatives had taken his rig and driven home with it. Mr. Keck was very mad for awhile and then proceeded to trudge home on foot.

Mrs. Harris, of No. 8 Fulton street, reports that her 17-year-old son is missing from home and she believes he has run away.

The police were informed last evening by a telephone message from the poor farm that the 18-year-old daughter of Mrs. Fairfield, living near there, and the 17-year-old son of Mrs. Strodel, proprietress of the road house close by, had eloped. The girl climbed out of the window and fell into the arms of her Lochinvar and together they flew and sewed. In their elopment they used a horse and buggy belonging to Mrs. Strodel, which they appropriated for the occasion, and it was thought that they came toward the city. The sheriff and police were at once on the lookout, but at this writing nothing has been heard of the young lovers.

Officer Charles Spillner is today celebrating his forty-first birthday anniversary. John Reuss also first saw the light of day on April 1st, and he and Spillner are the only ones left of the famous world-renowned celebrities who were born on All Fools' day. The quartet consisted of Prince Bismarck, Captain Hettler, Mr. Reuss and Officer Spillner.

ACCLAIMED BOER FIGHTERS.

Madrid, April 1.—Dispatches received here from Lisbon are rigorously censored. Letters which have reached here say the Boers who arrived at Lisbon on board transports Friday from Delagoa bay were accorded a splendid reception, contrasting with the coolness of the popular reception of the mission headed by Earl Carrington, sent to Lisbon to formally notify King Charles of the death of Queen Victoria and the accession of Edward VII. to the throne of Great Britain and Ireland. The hour selected for the landing of the Boers was kept secret, but nevertheless a large crowd was present and acclaimed the travelers, a majority of whom were European volunteers. The party, numbering 700 persons, was escorted to their quarters by Portuguese infantry.

THE PREMIER IMPROVES.

London, April 1.—Although no bulletin has been issued, it is reported that Lord Salisbury is progressing satisfactorily towards recovery from his illness. The private secretary of Lord Salisbury, Mr. Schomberg Donnell, informs the Associated Press press that the premier is making excellent progress, and that there is absolutely no truth in the statement that his physicians have discovered symptoms of Bright's disease or any other complications. Lord Salisbury is still somewhat weak, as the result of influenza, but expects to start for the Riviera at the end of the week.

MAY BUY HALF INTEREST.

C. E. Stephens, of Chicago, is in the city today negotiating with W. D. Jones for the purchase of a half interest in the New Aveline hotel. While the arrangement is not completed, it is known that it has progressed to a state where it is likely to be consummated within a very few days. Mr. Stephens is an experienced hotel man, and has recently disposed of the Clinton, a prominent hotel at Kokomo.

OUR COUNTRY'S FLAG.

O, raise the flag, O, raise the flag,
And let it unfurl to the breeze
The stars and stripes that brightly shine—
Let them tower above the trees.
O, how loyal, O, how loyal,
Does it look as it waves on high.
It makes the feeble pulses beat
And it brings the flash to the eye.

O, wave it long, O, wave it far,
Over mountaintins, glens and rivers.
Over hill, dales and prairies wide,
And let the old voices quiver,
As they sneak of the time
When the foes tore it down,
But they raised it again
E'er 'twas trampled upon.

O, hail the flag, O, hail the flag,
And let it unfurl to the breeze
The stars and stripes that brightly shine—
Let them tower above the trees.
In the field at Chickamauga
In the battle and in the fight.
'Tis the flag that they all fought for,
Fought for liberty and for right.

LOCAL NEWS.

Zion's Walther league will hold its business meeting this evening.

George Randall, of the Indianapolis Press, was in the city yesterday to visit his mother and brother, of New York, who are temporarily sojourning here.

Malcolm McInness, for the past three years steward at the Wayne hotel, has resigned to accept a more lucrative position. His resignation will take effect on the 10th.

E. O. Rose, of Angola, is in the city this afternoon. Mr. Rose has been deputy United States marshal, and at the request of Mr. Pettit, the new marshal, Mr. Rose will continue in office for some weeks until his successor is named.

Friday evening Miss Grace Gates pleasantly entertained the members of the C. C. C. club and their gentlemen friends. The game of the evening was progressive red letters, in which Miss Elizabeth Williams and George Knowlton were given first prizes and Miss Florence Alderman and Merlin Gonaga secured the consolations.

NOTES OF THE DAY.

During the short period of three years there has been an increase of nearly $1,000,000 in the Tammany salary list in New York.

Since 1880 140,000 British farm laborers have been displaced by machinery. This machinery could be made by 4,500 men in one year.

In the quantity of annual rainfall the continents rank as follows: South America, Africa, North America, Europe, Asia, Australia.

The Bank of New York, which was founded by Alexander Hamilton, celebrated its 170th anniversary recently.

In the German-Austrian Central mountains as many as 136 taverns are run for students and pupils. They had last year 10,371 guests.

The mayor of Limoges has issued a decree forbidding the ringing of church bells before 6 o'clock on winter and 5 on summer mornings.

Buffalo points with pride to its cancer laboratory as the first of its kind in the world. It was established and thoroughly equipped two years ago.

Both of France's rivals and near neighbors—Germany and the United Kingdom—are now rapidly leaving France behind them on the score of population.

Nine different languages and dialects are used in the text of the new Austrain bank notes, which are designed by Alexander Hegedues, the eminent Hungarian artist.

San Francisco's claim to be a cosmopolitan city rests on the showing made in a table of the nativity of its registered voters. There are 73,633 of these, 45,189 of whom are natives of this country and 28,444 were born in foreign countries.

Relics of the Roman occupation, in the shape of Roman tiles and earthenware, have been discovered, as well as two skeletons, in the course of excavations at Dover, Eng. In ancient times this ground formed the estuary of the River Dour.

In 1899 the public high schools of the United States graduated 20,344 boys and 36,124 girls. The boys are taken from school earlier than the girls and put to work.

Cincinnati has an organization of capitalists called "The Tropical company." It has large land holdings in Honduras, on which the cultivation of bananas is conducted on an extensive scale.

The naval authorities at Brest have just disposed by auction of the old cruiser Arethuse, recently struck off the list of the French navy. She was sold for £9,700, plus the usual 5 per cent.

The Leicester (England) town council have decided to make a grant to the Municipal forward movement to enable that body to provide boxes of plants for the window sills of the poorer cottages of the borough.

The number of persons visiting the library of congress on inauguration day was 75,572 by actual count kept by a mechanical register. In three days—Saturday, Sunday and Monday—the total was over 100,000 persons.

Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been dosed with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up—driven from the surface to break out again, and to their sorrow and mortification find those nearest and dearest to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this. Often a bad case of Rheumatism, Catarrh, Scrofula or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early life, for it remains smoldering in the system forever, unless properly treated and driven out in the beginning. S. S. S. is the only antidote for this peculiar virus, the only remedy known that can overcome it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease to embarrass or humiliate you afterwards.

Like Begets Like. **The Sin of the Parent.**

SSS cures Contagious Blood Poison in any and all stages; contains no mineral to break down your constitution; it is purely vegetable and the only blood purifier known that cleanses the blood and at the same time builds up the general health.

Our little book on contagious blood poison is the most complete and instructive ever issued; it not only tells all about this disease, but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it.

ABOUT BASE BALL.

While the list of players who will report in Fort Wayne for practice next week is not complete, it is nevertheless a big one. The following list comprises all who have been signed and whose names are on the Fort Wayne claim-list up to noon today. Many of them, it will be seen, have no records, but are supposed to be good men and have come well recommended, while a number of others were selected by Manager Miller after seeing them perform on the diamond. The records are taken from Spalding's and Reach's official guides for 1901. Of the pitchers there are plenty, just enough to make a team of themselves—nine. Some of them have been tried in professional ball and while none of them are top-notchers so far as their record is concerned, all are good ball players and men who play less for a record than they do to win games. That is the kind of players Fort Wayne wants and anybody else can have the record-players as long as Fort Wayne is allowed to have the game-winners.

—Pitchers.—

Hon Fricken, Fort Wayne's old standby, will wear the same uniform this year, a fact which will please the local fans. Fricken ranked eighth among last year's Inter-State pitchers and had a fielding average of .959. Out of 40 games pitched he won 33, and had but 3 errors charged against him. He was unlucky at the bat and succeeded in getting a batting record of only an even .200.

E. Ames, one of the new pitchers signed, played with Mansfield last year and won 12 out of 23 games in which he pitched. He was hit 171 times, off which number of hits 108 runs were scored. He ranks eighteenth among last year's Inter-State pitchers and had a fielding record of .888. His batting average was 186. He is considered a good man and with better support will make a better record than now stands to his credit.

Pete Daniels, nicknamed "Smiling Pete," was on the slab of the Columbus-Anderson aggregation in 1900 and pitched 25 games, of which he won only 8. His rank is 29th among the pitchers, but his fielding average was .875. He was rated, however, as one of the best hitting pitchers and came close to the .300 mark, his average being .291.

George Mullen formed the delivery end of the famous Mullen-Fuller battery of the South Bend Greens. He was with the South Bend team two seasons and the Fort Wayne manager was up against him in nine games and knows what he is. He is a right hand pitcher and this will be his first year in professional ball.

"Noodles" Hahn was given a trial by Fort Wayne last year. He was here at a time when the local team was strong in the box, and while his work was generally satisfactory, he was not needed and was farmed out to Terre Haute, where he acquitted himself with credit.

V. Vickers is new in professional ball. He was tried by Toledo last season and showed well, but needed finishing. He pitched for Auburn during the season and is now firing on the Baltimore and Ohio. He is a big fellow, with great speed and good control, but lacks experience in the headwork of the game. Manager Miller thinks well of him.

Perry Sessions, pitcher, is regarded as one of the coming stars of the slab. He played a few games with Youngstown, but owing to the rocky financial condition of that club he skipped and went to the Wisconsin state league, where he made a great hit. Manager Miller says he is stuck on him.

E. Lamont, a pitcher from the Wisconsin league, is not so well known. Manager Miller got into a nest of Wisconsin leaguers somewhere and Lamont was touted as one of the best in the bunch. He will be given a fair trial.

Carroll Beall was signed on trial last Saturday. He is a right-handed pitcher, lives at Danville, Ill., and was one of the stars of the Two-Eyed league last year. President Mautner discovered him and thinks he will prove a wonder.

—Catchers.—

In catchers the club is probably as well fixed as any of the clubs. There are only two men on the list, but both are good and both will probably be carried.

George Fox will be a new man in a Fort Wayne uniform and will constitute the receiving end of one of the batteries. His face will be a familiar one, however, having been seen here with Mansfield last season. He stands third in the list of Inter-State catchers and last year caught 102 games, in which he had 311 put outs, 90 assists and but 10 errors, giving him a fielding average of .973. He is also very handy with the stick and ranked 16th among the Inter-State players, closing the season with an average of .295. He is considered a valuable acquisition and will undoubtedly become popular.

George Fuller, catcher, was with last year's famous South Bend Green Stockings, who trimmed the Fort Wayne league team. He hits like a fiend, is a great backstop and is a lightning thrower to bases. He was the principal mainstay of the South Bend team last year.

—Infielders.—

The Fort Wayne infield is a trifle mixed at this date, more especially at second base. There are plenty of first basemen and Babb will hold down the third bag, but the second station is yet a matter of doubt. Following is the present list to select from:

George Jacobs, of Louisville, Ky., formerly with the Louisville National leaguers; not in the game last year; a good fielder, fair base runner and said to be a good hitter; will report about May 16.

Claude Starkey comes to the states from the Canadian league. He is said to be fast in the field and at bat, and was highly recommended to Fort Wayne by Buelow, of the St. Louis club.

William Horsley is another graduate from the Two-Eyed league and will be given a trial on the initial sack. He played with Terre Haute last year and his recommendations are first-class. He is said to be a good hitter and a good waiter.

Frank Quinn played second base for Mansfield in 69 games last season. His fielding record was .913 and his batting percentage was .213. Manager Miller signed him last week as a fielder and utility man.

After considerable sparring Charlie Babb, who is one of the most popular ball players ever seen in this city, has affixed his name to a Fort Wayne contract. He stands 9th in the list of third basemen and last year played 135 games, making 56 errors in a total of 582 chances, giving him a fielding record of .904. His batting average was .285. Babb was regarded as one of the most reliable men at bat in case of a pinch and at all times was a good waiter. In the field he goes after everything that comes his direction and never was known to refuse a chance for fear of an error.

Frank Nattress is well known in Fort Wayne and last year stood 7th among the Inter-State shortstops, being two notches above Krueger. He played in 112 games and out of a total of 706 chances he made 75 errors, giving him a fielding record of .894. At bat he ranked considerably above the average, his record being .260, which is five points better than was made by Brashear, who was considered a satisfactory sticker.

Frank Miller, with last year's New Castles, will in all probability be permanently selected to hold down second base. His fielding record last year was .987 and his batting record was .294. As compared with Hollingsworth he outranked him twenty points in batting and in fielding. "Holly" stood second among the Inter-State second basemen and Miller stood fourth.

—Outfielders.—

For the three places in the outfield there are six men to select from. Most of them are new and will make their debut in professional ball in Fort Wayne uniform. "Doggie" Miller will be the only old face, although McQuade is said to have been seen here with New Castle a season or two ago.

Manager Miller, "Doggie," after things get shaped up, will again be found in Fort Wayne's sun field. Last year he made nine errors in 129 games and had a fielding average of .951. He ranked 18th in batting, with an average of .293, standing third in the Fort Wayne club.

"Chuck" Fleming, never in professional ball before; with last year's Notre Dame team; a strapping big fellow, very active; has a good eye and is a safe hitter and altogether a very promising youngster.

James Hankey, played in the outfield in the Wisconsin league last year; has no record, but comes highly recommended by Otto Krueger, who says he is one of the comers of the year.

Dan Murphy, of Brookfield, Mass., will be tried; he has been playing independent ball in the east and is of the same class as Bergen, upon whose recommendation he will be given a trial.

Mark McQuade comes from the Eastern league and played with Springfield last year, although his name does not appear on the official record. Miller says he is a good all-around men and he will be given a fair show in one of the gardens.

Frank Heustis, a newcomer in professional ball, was unearthed somewhere by Manager Miller, who will give him a trial on the strength of his recommendations. He has no record.

THE MARKETS.

Chicago, April 1.—Corn began the new month in an active manner. May opened a shade to ½@⅝c lower at 44½c to 44c under heavy realizing sales, but reacted sharply to 44½c on heavy buying for the country account. When this demand fell off the market reacted to 44½c. The weather was improved and receipts were 234 cars, 21 of contract grade.

Under heavy liquidation May corn later broke to 43⅜c and closed weak, 1@1½c lower at 43½c.

In the oats market there was a resumption of Saturday's activity and strength. May opened ½@⅝c lower at 26½c to 26⅜c in sympathy with wheat and corn, but on heavy buying by a leading corn bull and by southwestern interests the market advanced during the first hour to 27½c. On realizing sales a reaction to 26⅝c followed. Receipts were 194 cars.

The market declined during the afternoon with corn and closed weak, May ⅜@⅝c lower at 25⅝@25¾c.

Wheat opened weak, May ⅝@¾c lower at 75⅝c to 75¾c, on heavy world's shipments, lower cables, liberal receipts and good weather. After touching 75⅞c the market turned weak and fell to 75⅛@75¼c. Local receipts were 82 cars, 4 of contract grade, while Minneapolis and Duluth reported 460 cars, against 621 last week and 669 a year ago.

The market followed the corn decline and after touching 74¼c closed weak, 1⅜c under Saturday at 74¾c.

Provisions were irregular. The opening was firm on light hog receipts and on higher prices at the yards. May pork eased on selling by longs, while lard and ribs held firm on local support. May pork opened 12½c higher at $15.62½ and declined early to 15.50; May lard opened 2½@7½c higher at $8.25 to $8.30, selling back to $8.25, and May ribs 2½c lower at $8.10, advancing to $8.15.

Note.—No session of board tomorrow—city election.

THE CLOSE.

Prices at the close were as follows:

THE DAY ON WALL STREET.

New York, April 1.—There were wide and excited openings in Rock Island and United States Steel stocks and a number of railroad stocks showed violent advances. There was a fair sprinkling of losses in which was included Burlington with a drop o f2¼. The first 8,000 shares of Rock Island sold simultaneously at 135¼ to 136⅜, compared with 135 at the close on Saturday. Fifteen thousand shares of United States Steel and as much of the preferred changed hands at the opening, the common ruling at 46½ to 47⅛, compared with 46½ on Saturday, and the preferred selling at 96 to 96¾, compared with 95¾ on Saturday. St. Paul rose 1⅞, Lake Erie and Western 2¼ and there were opening gains of 1 to 1⅝ in Lake Western, Delaware and Hudson, Union Pacific, Manhattan, Smelting, Tennessee Coal and Peoples Gas.

Very large blocks changed hands in many stocks.

With business in increasing volume and many stocks moving independently, speculation was very much confused and excited. It could be perceived, however, that the Steel stocks were determinedly supported, prices being bid up steadily in the face of large offerings. Both the independent companies and subsidary companies of the United States Steel corporation were affected. The gains ranged from 1 to 6¾, the latter Republic Steel preferred. With but few exceptions other stocks were sold to realize profits; particularly those which were conspicuously strong at the start. Declines extended to a point or over, Rock Island losing 1⅝.

Reading common rose above 37 near 11 o'clock. Sugar rose 1⅞ and Rock Island and People's Gas recovered to the top with strengthening effect on the list.

Purchases of the general list were made with more confidence owing to the buoyancy of several leading stocks. Rock Island got up 4¼ to 139¼, Union Pacific 2½ and Southern Pacific a point. United States Steel broke through the barrier at 47½ and rose to 48, but the preferred dropped to 96. Pullman rose 6¾, Consolidated Gas 3 and Northwestern preferred 2¾ ex the last dividend. All of the Steel stocks moved onward except Sloss Steel and Republic Steel common and preferred, which fell 1 to 4 on profit-taking. Purchases of the railway list became larger, but Northern Pacific and Burlington were less active and lower, Burlington touching 172½. The market was feverishly irregular and price variations were constant and conflicting.

Bonds were irregular.

NAMED BY THE PRESIDENT.

Washington, April 1.—The president today made the following appointments:

Treasury—Joseph B. Stewart, to be collector of customs for the district of Richmond, Va.

Navy—Joseph N. Hemphill, Abraham B. F. Lillie, Henry N. Manney and William L. Swinburne, to be captains; Edward M. Hughes and Samuel P. Comley, to be commanders; Hoy C. Smith and Robert S. Griffin, to be lieutenant commanders; Emery Winship, to be advanced four numbers in rank on the list of lieutenants, junior grade for eminent and conspicuous conduct in battle; Colonel Robert L. Meade, to be brigadier general by brevet, in the marine corps, for distinguished conduct and public service in the presence of the enemy at the battle of Tien Tsin, China; Lieutenant William G. Powell, to be captain by brevet, in the marine corps, for distinguished conduct and public service in the presence of the enemy at Tien Tsin, China, and Thomas F. Hobby, to be a warrant machinist in the navy.

A lively runaway occurred on Washington boulevard on Saturday night, about 10 o'clock. A teamster named Hostetter, apparently the worse for liquor, was the owner of the team, and the animals became uncontrollable at the corner of Union, where they overturned the rig and dumped the driver out. The horses ran west at terrific speed and collided with an iron post at the corner of Nelson, where the wagon was reduced, to kindling wood. The horses turned south on Nelson with a section of the wagon still attached and were finally captured near Rastetter's. Many persons had narrow escapes from the frightened team.

"OUR PRIDE."

Messrs. Will Young, of the Packard music store, and Walter E. Fox are the composers of a new two-step which they have named "Our Pride," in honor of the handsome new court house. The composition is a most meritorious one and the air is unusually bright and catchy. The title page of the new piece contains a large half-tone picture of the court house, for which it is named. Messrs. Young and Fox are well known musicians and they are to be congratulated upon producing the two-step which bids fair to become very popular. The composition was published by a prominent Chicago firm.

BEER WAGON WRECKED.

At East DeWald and Hanna streets this morning a team of horses drawing a wagon of the Berghoff Brewing company took fright at a passing funeral procession, and in careering around overturned the wagon, wrecking both vehicle and contents. The driver escaped injury.

HE DIED SUDDENLY

R. H. MYTON DROPS DEAD FROM HEART DISEASE.

WAS A MONON BRAKEMAN

FORMERLY WORKED ON THE GRAND RAPIDS ROAD.

MORE WHEELING RUMORS

NEW YORK MAN INSISTS THAT SALE WAS MADE.

R. H. Myton, a citizen of Fort Wayne, died suddenly in Lafayette at 9:30 o'clock Sunday night. The news was conveyed here through a long-distance telephone message from Superintendent of Police Harris, of Lafayette, to Supt. Homer Gorsline, and by the latter to the wife of the unfortunate man. Mrs. Myton is nearly prostrated with grief over her loss. She has placed the arrangements for the funeral in the hands of the local lodge of the Brotherhood of Railway Trainmen, and C. A. Scott, in behalf of the brotherhood, telegraphed to the Lafayette lodge to send the remains here at the expense of this lodge. They will probably be brought here on the evening train over the Wabash. Mr. Myton was in the employ of the Monon road and was about to take his run out when he suffered an attack of heart disease, which terminated so suddenly in death. He went to Lafayette only last Monday and Tuesday morning applied for and secured work on the Monon. Mr. Scott received a letter from him this morning, which was written Saturday night, asking him to assist in moving his wife and household goods to Lafayette. He wrote that he was anxious to go to housekeeping at once. That was probably the last letter the deceased wrote. Myton was twenty-two years old and a native of Monroeville, where his father, Joseph Myton, still resides. He had been in the railway business ever since he was a boy. His first service was on the Wabash, where he was struck by an overhead bridge at Decatur, Ill., and nearly killed. His skull was fractured by this accident and a large piece of it at the crown of the head had been removed. After recovering from this accident he was employed for awhile on the Grand Rapids and Indiana road. Samuel Myton, of the Nickel Plate, and Charles Myton, of the Clover Leaf, were brothers of the deceased. The funeral will be held in this city and interment will probably also take place here, though the family has a burial lot in the Monroeville cemetery. The local Brotherhood of Railway Trainmen lodge will have complete charge. Mr. Myton is a beneficial member of that lodge, being initiated on the 3d of February last. He resided at 113 Holman street.

LARGEST IN THE WORLD.

The Chesapeake and Ohio has just placed in service three of the largest passenger engines in the world, and their use obviates the running of double-headers on the steep grades on that line. These engines, with the tank, weigh 287,000 pounds, the engine proper, 173,020 pounds; weight on driving wheels, 126,220 pounds; cylinders, 22 by 28 inches; engine has 300 boiler tubes two inches in diameter and fifteen feet long; heating surface of firebox, 3,066 square feet. These engines are guaranteed to haul a train weighing 400 tons up a grade of eighty-four feet to the mile, with a curvature of four degrees, at a speed of twenty-five miles an hour.

CHANGE OF WATCHMEN.

Capt. H. Stoll, of the Pennsylvania, has made a slight change in the assignment of crossing watchmen in this city. Jacob Schaefer, who has been looking after the safety of the public at the Calhoun street crossing for several months, resigned Saturday evening to engage in another line of work. John Wiegand has been transferred from the Fairfield avenue crossing to succeed Mr. Schaefer and W. C. Hammond has been employed to fill the place at Fairfield avenue. Mr. Hammond comes from Warsaw, Ind., and is a new man on the force.

WILL BUILD LARGER DYNAMOS.

When its new shop addition is in operation, the Fort Wayne Electric company will build a much larger dynamo than any now being turned out of that establishment. This morning a carload of machinery from the Siemens-Hulske works, of Chicago, included some commutator clamps about ten feet in diameter, which will be used in making commutators for the larger machines the company will build.

BABY'S BUSINESS

A healthy baby is comfortable; and that is enough for a baby. His business in life is to grow.

Aside from acute diseases, his food is the cause of most of his troubles. But Scott's emulsion of cod-liver oil delivers him from it.

He isn't sick; only a little hitch, somewhere, in his machine for turning food into growth.

It is a great thing to do, for a baby, to help him over a hitch with mere food—the emulsion is food that has the tact to get there.

The tact to get there is medicine.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl street, New York

A NEW TRANSFER TABLE.

Another improvement for which the Wabash is now gathering the material is a new steel transfer table between the machine shop, the tank shop and the tracks leading into the shops. The present table is operated by a cog-geared track and the power is applied by hand with a crank-handle. This method did well enough in early times, but it is fast being supplanted by other methods. The Wabash will use compressed air as a motor for its new turntable.

THE TEACHERS' EXCURSION.

Col. R. G. Thompson has completed arrangements for the excursion train to Anderson next Thursday, the occasion being the state meeting of Indiana school teachers there. The train will leave this city at 8 o'clock in the morning and reach Anderson at 10:15 o'clock; returning Saturday afternoon at an hour to be arranged to accommodate the teachers. It is expected that about 150 people will take in this excursion.

ANOTHER WHEELING RUMOR.

A correspondent of the Cincinnati Enquirer, writing from New York under date of last Saturday, insists that the Wheeling and Lake Erie road has been sold and that the Wabash is greatly interested in the deal, notwithstanding the vigorous denials of the report of the sale. The correspondent says: "There are strong denials tonight in dispatches from Cleveland to the effect that the Wheeling and Lake Erie railroad has been sold. It is quite likely that those who are doing the denying are honest and in earnest in these denials. But they are not fully acquainted with just what is doing. The road has been sold. The sale occurred this morning. It was a private transaction, and was intended to be kept a great secret. The sale will be denied in most positive terms, perhaps, even in advices from New York. Yet there was a sale, and the Wheeling and Lake Erie has passed from the control of those who heretofore had its ownership. That is certain. Just who the purchasers are those in the know are also trying to keep from the public. Yet it would not be far wide of the mark to say that the Wabash management are the present owners. If they are not at this time, it will be a little while until the road will be turned over to the Wabash. There will be a little manipulating, probably, but eventually, unless plans now fully arranged are altered, control of the stock will land with the Wabash. Col. Myron T. Herrick, of Cleveland, the old receiver of the Wheeling and Lake Erie, has been at the Waldorf-Astoria for the last week. He is said to have handled all the details of the deal effected this morning. With the Wabash the Wheeling and Lake Erie will form a continuous line from Pittsburg to St. Louis and Kansas City."

HONORED A DEAD SHOPMAN.

Not for many years was there so great a turnout of shopmen at a funeral as characterized the funeral of the late Peter Harber this morning. The Pittsburg machine shop, where the deceased worked for so many years, was almost completely deserted at 9:30 o'clock this morning, and the absentee list in the car shops, blacksmith and boiler shops were unusually large on account of the great number who laid off to attend the funeral. A good many of the Wabash and the Bass employes also attended the funeral. The Pennsylvania men assembled at the shops and marched from there to the house; thence to St. Peter's church and as far as the bridge on the road to the cemetery. Nearly all of the men reported for work at noon.

ON THE RETIRED LIST.

Diedrich Thiele, an employe of the Pennsylvania company, passed the seventieth milestone on life's pathday a few days ago and in accordance with the rules of the company has been placed on the retired list. Mr. Thiele commenced his term of service with the company in 1864 and has continued it uninterrupted up to the present time. Clark Albers, a young man who was recently engaged as a solicitor for an insurance company, has taken the position, sweeper in the paint shops, which Mr. Thiele vacates.

ELECTED DELEGATES.

At a meeting of the local lodge of the Switchmen's Union of North America yesterday, C. V. Jennings was elected a delegate to the national convention, which will be held this year in Milwaukee, Wis., beginning May 20. W. C. Elliott, now employed at the electric light works, was chosen alternate delegate. The Switchmen's union has recovered from the blow it received several years ago through the defalcation of the national treasurer and is now one of the strong railway organizations.

NEW BOOK OF RULES.

A new book of rules will become effective on the Pittsburg road May 1. It is now being distributed among the trainmen, enginemen and others in the transportation department. There are no radical departures from the rules now in force on the road.

FREIGHT AGENTS' MEETING.

The local freight agents are looking forward to the meeting in Denver next June 11 to 14 inclusive with anticipations of an enjoyable and profitable time. The meeting promises to be one of the most important yet held and indications point to the largest gathering in the history of the association. Those from this city who will be in attendance are Joseph Sullivan, of the Wabash; E. H. Kirkland, of the Pennsylvania and the Grand Rapids and Indiana; H. C. Moderwell, of the Nickel Plate; John J. Flynn, of the Lake Shore and the Lake Erie and Western, and Harry O. Quicksell, of the Union Star line. C. H. Newton, late of this city, but now agent at Toledo for the Wabash, will also attend the meeting. Most of the agents from this territory will assemble at Chicago and go from that city to Denver in a body, probably on a special train. Mr. Newton will go to California after the meeting and visit his mother.

A NEW MACHINE SHOP.

George Knoll and Fred Rowe are preparing to open a machine shop on Broadway where bicycles, typewriters and like articles will be repaired. These gentlemen were formerly employed in Foreman J. J. Bauer's room at the Fort Wayne Electric works.

INDUSTRIAL NOTES.

Nickel Plate Conductor F. B. Maxwell is taking a few days' rest.

Bookkeeper Ed Beaver, of the Indiana Bond Machine company, is sick.

F. W. Hockemeyer, a truckman at the Pittsburg freight house, is sick and off duty.

Jacob Hausbach, a gang foreman at the Bass blacksmith shops, is sick and off duty.

Machinist Walter Adams, of the Bass works, sprained his back last Saturday and will be unable to work for a few days.

Henry Beckness reported for work in the Pittsburg shops this morning after an absence on account of sickness of a few days.

M. Heimeldorn, a car repairer in the employ of the Pittsburg, is off duty on account of personal injuries, sustained while at work Saturday.

The Nickel Plate yards were full of cars yesterday, the company not having power sufficient to move them. Business is again very heavy on the road.

A. S. Durnell, who was sick, and Henry Leroh, who was looking after private affairs, resumed their work in the Pittsburg shops this morning. They are tinners.

Passenger Engineer J. A. Keplinger, of the Pittsburg, has gone to Bucyrus, Ohio, to see his mother, who has been sick for some time. The old lady is improving.

Two cars were derailed at Adams Station last night, one loaded with coal and the other with oil. No delay to trains other than the one of which the derailed cars were a part.

Samuel Henline, of the Pittsburg blacksmith shop, has gone to the home of his mother, in Whitley county, in response to a telegram informing him of the serious illness of that lady.

Cornell Morganthaler, a salesman, and William Driftmeyer and Charles Green, construction men, in the employ of the Fort Wayne Electric company, are in off the road for a few days.

John G. Bechtol, Pittsburg passenger engineer, resumed his duties today after a two weeks' lay off.

J. M. Landenberger will leave tomorrow upon a business trip into Wisconsin, in the interest of the Indiana Road Machine company.

Fred Kraft, a boiler inspector at the Pittsburg round house, was slightly injured yesterday and will probably be off duty for awhile.

George Cassady, Pittsburg yard conductor, is off duty on account of sickness in his family. Yard Brakeman David Rowan is taking a vacation.

Chief Dispatcher J. G. Jennings, of the Pittsburg, was the guest of his family at Cincinnati over Sunday. The family will soon remove to Fort Wayne.

Mrs. Garrison, wife of Grand Rapids Engineer M. F. Garrison, is at the bedside of his mother at the old home in Michigan. The aged lady is very sick.

G. S. Stormes and W. H. Bell, of Chicago, are new firemen on the Nickel Plate. They came here yesterday and will immediately take their places on the road.

Thomas Quinn, an armature winder at the electric works, will quit that line of work and engage in railroading. He has secured the promise of a position on a Fort Wayne road as a fireman.

One week from tomorrow the Nickel Plate road will run two special trains through this city, carrying the Eleventh United States infantry on its way to San Francisco from New York.

J. Spuhler, who has been working in the Pittsburg lumber yards since last fall, resigned today and will return to his old home, Decatur, Ind., to take a clerical position in a hardware store.

General Foreman William Yergens, of the Grand Trunk shops at Battle Creek, Mich., spent Sunday with his family in the city. He is awaiting warm weather to move his family to that city to live.

Trains which left Chicago Saturday night and early Sunday morning carried a coating of snow when they reached this city. There was a snow fall of four or five inches in Chicago Saturday night.

Mrs. Wichmann, wife of Machinist Adolph Wichmann, is recovering from an illness which threatened serious consequences a few days ago. There can be no doubt of her complete recovery now.

General Yardmaster W. W. Waterson, of the Nickel Plate, who has been ailing for three of four days, was compelled to knock off work yesterday and go home. He suffers from an attack of the grip.

Assistant Ticket Agent R. F. Douglas, of the Wabash, had as a guest yesterday his brother, Joseph Douglas, of Elkhart. Joe is engaged in the mercantile business at Elkhart and is enjoying a good trade.

The Fort Wayne Electric company Saturday sent a carload of dynamo machinery and apparatus to Marlboro, N. H.; a fifteen-light dynamo to Wright's Station, Ky., and a dynamo to Grand Rapids, Mich.

Freight engine 19 has been made as good as new and yesterday took her place in the service between this city and Bellevue, on the Nickel Plate. Engineer J. E. Lindsey and Fireman F. W. Deister officiate in the cab.

Frank Cole, a messenger in the employ of the Pennsylvania, has returned from Upper Sandusky, where he was the guest of friends a week. He resumed work yesterday. Messenger Charles Keller is now taking a vacation.

Mr. and Mrs. S. A. Mason are now comfortably domiciled at 180 Oliver street, where they moved last week. Mr. Mason is a Pittsburg brakeman and he reported for work on that road yesterday, after an absence on account of moving.

J. L. Turnbull, a truckman employed at the Pittsburg freight house, is off duty on account of personal injuries. Saturday afternoon a box fell over, catching and pinching his legs between it and a barrel. The accident is not of a serious character.

Brakemen H. P. Dinger, T. R. Johnson and R. B. Lipes, of the Pittsburg, are off duty, the two former on account of sickness and the latter on account of an accident. Brakeman Charles Maples, who had been sick about a month, reported for work on the road this morning.

Peter Gorless is in the Lake county jail awaiting trial on the charge of breaking car door seals. The offense was committed on the Pennsylvania road at Plymouth. Patrolmen Bates and Bigelow were detailed to look up the guilty party and they located and arrested Gorless at Hobart. Gorless says he resides in Cleveland.

Engineer U. G. Rhodes and Fireman W. F. Fisher are off duty on account of sickness in their families. Engineer William Swart and Firemen F. E. Wilmore, W. L. Laughlin, G. Bowser, H. L. Kennedy and R. Finerty are sick and Fireman M. Brookus is off duty on account of an accident. All are Pennsylvania employes.

James Southern, one of the most vigorous of the older engineers of the Pittsburg road, is undergoing a new experience and for the first time in many months he is confined to his home by sickness. He is afflicted with grip and will probably be able to resume work in a day or two. Mr. Southern has a run on trains 24 and 30 on the west end of the road.

Local Freight Conductor F. T. Deahl, who was taking a lay off to look after some private business, reported for work on the Nickel Plate this morning. Brakeman A. B. Cohn, who had been sick, also resumed work today.

Engineers H. L. Reed and C. A. Barnes, who have been doing yard service at Stony Island for some months, have been transferred here to work extra in the through freight service during the unusual rush of freight business. Both formerly lived here and are well acquainted.

The freight handlers at the Pittsburg transfer house were compelled to work yesterday and last night owing to the immense accumulation of freight. They unloaded eighty-one cars and loaded sixty-two cars during the day and night and still there was all the business the force could handle today.

Peru Journal: "The people of Lafayette have the idea that if they offer forty acres of ground and $200,000 they can get the Wabash shops from Fort Wayne. There is no need for the people to continue this deception to themselves. If Fort Wayne is to lose the shops, Peru is the place that will get them, and don't you forget it."

Charles Matott, a Pittsburg conductor, is hunting in the marshes in the western part of the state today. One of his fellow railroaders said that Mr. Matott was an excellent hunter, but a very poor shot. Unless Mr. Matott goes to shooting at something else, the aforesaid fellow railroader says, the duck family will not be greatly depleted.

The general freight department of Pennsylvania lines located in Columbus will be moved to Pittsburg in October, where the eighth story of the Pennsylvania company's building, now in course of erection, will be occupied by them. This is the announcement made by the Columbus Dispatch, though no railway official announcement of the change has been made.

In mentioning the alleged contemplated improvements on the Muncie road, the Bluffton News prefaces its remarks with the following caption: "Good for the Streaks; Announcement is Made That the Line to Fort Wayne is to Have the Bumps Removed." There is probably not a worse piece of track hereabouts than the Muncie, yet for the number of trains in service, no railroad in the state pays a bigger return. Passenger and freight rates are never "shaded" on that line; on the contrary, the maximum rate is always assessed.

The Indiana Road Machine works has completed one of its newly invented road making machines and is now awaiting an opportunity to give it a thorough trial. This machine digs and loads dirt upon wagons. It was minutely described in The Sentinel several months ago, when the patent became the property of the Indiana Road Machine company.

Timothy Curran, a brother of Conductor Curran, of the Wabash, died in Mercy hospital in Chicago last Saturday. The deceased was a single man and for several years had been living with his mother in Chicago Junction. The remains will be buried at Plymouth, the old home of the Currans, tomorrow. Timothy Curran was employed as a conductor on the Wabash road for ten years and was well known to Fort Wayne railway men.

The promotion of W. F. Bohling to the position of freight and passenger agent of the Lake Erie and Western at Hartford City, mentioned in The Sentinel several weeks ago, became effective today. The promotion of George E. Campbell to the position vacated by Mr. Bohling, that of local cashier, also went into effect this morning. Mr. Campbell had been assistant cashier for five or six years. Changes which resulted from these promotions and which were not heretofore mentioned in The Sentinel, are are follows, all being an advance in the ranks: A. R. Ring, assistant cashier; Bert Starkle, claim clerk; Samuel B. Kelker, night bill clerk; Lyman Griffith, day report and car service clerk, and William Stauchman, night seal clerk.

SEE WHAT YOUR FELLOW-TOWNSMAN, L. A. CENTLIVRE, HAS TO SAY.

Fort Wayne, Ind., Mar. 27, 1901.
Wright Medicine Co.,
Peru, Ind.

My Dear Sirs:—It is with pleasure I write you concerning your most valuable remedy, known as Wright's Rheumatic Remedy, the great Canadian cure.

I have been a sufferer from sciatic rheumatism in the very worst form for more than two years. I was at Mt. Clemens, Hot Springs and West Baden and found no relief whatsoever. I was entirely discouraged, as it laid me up bedfast most of the time and I could not move a limb. I had given up all hopes of recovery, when one of my employes insisted I should take your remedy. I did so, and after taking one and one-half bottles I was perfectly cured. I can walk straight and all my pains have left me and I am now in the best of health.

I cannot speak too highly of your remedies and anyone wishing to find out its merits can write me and I will be pleased to verify the above statement. Respectfully yours,
LOUIS A. CENTLIVRE,
President of the C. L. Centlivre Brewing Co.
